**Advice Letter No. 2021-02**

Dear Ms. Clark:

Enclosed for filing are an original and three (3) copies of changes to TC Systems, Inc., D.T.C. – Mass. No. 1, along with a check for \$100.00 to cover the filing fee. The tariff pages have an issued date of June 30, 2021 and an effective date of July 31, 2021.

This filing represents the first step in implementing the Federal Communications Commission's 8YY Access Charge Reform Report and Order in WC Docket No. 18-156 (FCC 20-143). On the effective date of this filing, TC Systems, Inc.'s intrastate originating 8YY access rates will be compliant with the FCC Order.

The following pages are included in this filing:

TC Systems, Inc., D.T.C. – Mass. No. 1 (Access Services Tariff)

Price List – 3<sup>rd</sup> Revised Page 2

Price List – 2<sup>nd</sup> Revised Page 4

Price List – Original Page 4.1

So that our records will be complete, please date stamp and return the duplicate copy of the advice letter in the enclosed envelope. Please direct any questions regarding this filing to me via email at [ea3126@att.com](mailto:ea3126@att.com)

Sincerely,

*Eduardo Arellano*

## 4. SWITCHED ACCESS SERVICES

## 4.2 Call Completion Service

Non-recurring and usage rates apply for each Call Completion Service furnished by the Company. Non-recurring charges are the one time charges that apply for a specific work activity, (e.g., new installations or changes to existing installations). Usage rates apply only when a specific rate element is used. They apply on a per Call Completion Service access minute and are accumulated over a monthly period.

Rate Categories

The following diagram depicts a generic view of the components of Call Completion Service and the manner in which the components are combined to provide a complete service.

End Office

The End Office rate category provides for the local end office switching and end user termination functions necessary to complete the transmission of Call Completion Services to and from the end users served by the Company's end offices. The End Office rate category consists of the Call Completion rate element.

## A. Call Completion Rate Category

The Call Completion rate element provides for the use of end office switching equipment, terminations for the end user lines terminating in the local end office, and for the termination of calls at a Company Intercept operator or recording. Calls will be rated based on time-of-day where technically feasible. Where the technical capability does not exist, calls will be rated at day rates.

## 1. Call Completion

Svc. Category	Rate Element	Rate (\$)	
Call Completion	Originating -Per Access Minute		
	- Non 8YY	.003722	(C)
	- 8YY	.003722	(C)
	Terminating - Per Access Minute	.000000	
VoIP-PSTN - Call Completion	Originating Non 8YY-Per Access Min.	.002406	(C)
	Originating 8YY-Per Access Min.	.002406	(C)
VoIP-PSTN - Shared End Office trunk port	Originating Non 8YY-Per Access MOU	.001688	(C)
	Originating 8YY-Per Access MOU	.001688	(C)

## 4. SWITCHED ACCESS SERVICES

## 4.2 Call Completion Service (continued)

Local Transport

Local transport provides the transmission facilities between the customer premises or collocated interconnection location and the Company's end-office switch(es) where the customer's traffic is switched to originate or terminate customer's communications. The terminating tandem transport rates contained in this tariff are considered terminating to third party as TC Systems, Inc. does not maintain any tandem switches.

Local transport is comprised of a Local Transport Termination rate and a Local Transport Facility rate. The Local Transport Termination rate is billed on a per access minute basis and the Local Transport Facility is billed on a per mile per access minute basis. For purposes of determining the mileage, mileage shall be measured as airline mileage between the serving wire center of the customer's premises and the end office or directly to the access tandem using the V & H coordinates method set forth in NATIONAL EXCHANGE CARRIER ASSOCIATION IN. TARIFF FCC NO. 4. Fractions of a mile are rounded up to the next whole mile before rates are applied.

## A. Tandem Transport Termination

Svc. Category	Rate Element	Rate (\$)	
Tandem Transport Termination	Per Access Minute		
	- Originating Non 8YY	.000000	(C)
	- Originating 8YY	.000000	(C)
VoIP-PSTN - Originating Only Tandem Transport Termination	Per Access Minute		
	- Originating Non 8YY	.000000	(C)
	- Originating 8YY	.000000	(C)
Tandem Switching	Per Access Minute		
	- Originating Non 8YY	.001068	(C)
	- Originating 8YY	.001000	(C) (R)
	Terminating - Per Access Minute	.001068	
VoIP-PSTN - Originating Only Tandem Switching	Per Access Minute		
	- Originating Non 8YY	.001574	(C)
	- Originating 8YY	.001000	(C) (R)
