friend

...

A Little History

- **Teacher, educated at Boston College**
- **Left teaching because of lack of transportation**
- **Worked 24 years at NBP**
- **Taught braille at BC**
- **Chaired BANA**
- **Former pres of AMESVI**
- **TVI and AT evaluator at the Carroll Center**
- **TVI for Boston Public Schools**
- **Working toward CATIS**

Children ... Adults

What's the Difference?

- Adults tell teachers what they want or need to learn
- Teachers tell children what they need to learn
- I teach ... and when a student has mastered the lesson, s/he chooses to use what was learned ... or not.

HOWEVER, We Need to ...

Make learning
meaningful

Make learning fun

Get buy-in from the
student

Meet learners where
they are at

Education

Tech for Academics

- ☐ **Reading**
- ☐ **Writing**
- ☐ **Math**
- ☐ **Science**
- ☐ **Civics or Social Studies**

Reading

- ☐ **Low Vision**

- ☐ **Font**
- ☐ **Contrast**
- ☐ **Reading stands**
- ☐ **CCTVs and Video Magnifiers**

- ☐ **Braille**

- ☐ **Braille Writers**
- ☐ **Graphics**

- ☐ **Production**

- ☐ **Notetakers and Refreshable Braille Displays**

- ☐ **Audiobooks and Audio-Supported Reading**

- ☐ **CVI and complex needs**

Writing

- ☐ **Typing**
- ☐ **Shortcut keys**
- ☐ **.pdf editors**
- ☐ **Google Classroom and other platforms**
- ☐ **Google Read & Write**
- ☐ **Speech-to-text**

Math

- ☐ Braille notetakers with math editors
- ☐ Submitting work to teachers
- ☐ .pdf editors
- ☐ Typing special characters
- ☐ Desmos and online tools
- ☐ Talking calculators
- ☐ Tablets with styli
- ☐ Highly visual
- ☐ Cranmer abacus

Areas of the ECC and AT

- ❑ **AT is one of the areas of the Expanded Core Curriculum**
- ❑ **Orientation & Mobility**
- ❑ **Compensatory Skills**
- ❑ **Recreation and Leisure**
- ❑ **Self-determination**
- ❑ **Social**
- ❑ **Sensory Efficiency**
- ❑ **Career development**
- ❑ **Independent Living**

Where Does AT Come From For PreCollege Students?

- ☐ LEA's (Local Educational Agencies, i.e. school districts / towns).
- ☐ AIM Library
- ☐ MCB for home use

What are some technologies
that we use?

What if you could only pick one?

A Few Pearls of Wisdom

Learning does not
stop at the school
doors. Technology
provides access to
learning ...
EVERYWHERE.

Kids are not asked if they
want to learn algebra.
They should not be asked
if they want to learn
braille or AT or ... either

No one tool
will do it all!
