9	Jess Zeidman – Department of Public Health (DPH)	X	X	X

* (X) Voted in favor; (O) Opposed; (A) Abstained from vote; (-) Absent from meeting or during vote

Proceedings

Assistant Secretary Marqusee called the meeting to order at 9:30 am. She welcomed members and reminded them that the Task Force meeting is subject to the Open Meeting Law (OML) and that all votes taken during the meeting would be conducted via roll call.

Vote 1 to approve the 10/15/2025 minutes: Assistant Secretary Marqusee called for a vote to approve the minutes from the Task Force’s first meeting on 10/15/2025. David Martin introduced the motion, which was seconded by Vita Berg and approved by roll-call vote (see detailed record of votes above).

Assistant Secretary Marqusee facilitated a discussion of members’ thoughts on Massachusetts joining the Interstate Medical Licensing Compact (IMLC), and whether there are specific questions or concerns that members felt had not yet been addressed by the presentations during the previous Task Force meetings. Members discussed a number of topics, including the outstanding legal questions related to physician shield laws; cost barriers for applying for licenses in multiple states; the feasibility of providers tracking each state’s

continuing medical education (CME) requirements; and the anticipated number of physicians who might avail themselves of the option to apply through the Compact.

Members of the Washington DC Office of Health Professional Licensing Boards, Health Systems and Preparedness Administration (Andrea Anderson, Chair of the DC Board of Medicine; Emilia Moran, Interim Executive Director of the DC Board of Medicine; Aisha Nixon, Associate Director; and Suzanne Fenzel, Board Attorney) presented on their experience participating in the DC, Maryland, and Virginia (DMV) Regional Reciprocity Initiative, an agreement with Maryland and Virginia that permits regional licensure portability and creates a streamlined application process between the three participating states. In their presentation, they covered the origin and development of the DMV Regional Reciprocity Initiative, a comparison between the Regional Reciprocity Initiative with the Interstate Medical Licensure Compact (IMLC), and some of the challenges and benefits of regional licensure portability. For additional details, refer to the Washington DC group's presentation on the Task Force's [Meeting Materials webpage](#).

Micah Mattews, Deputy Executive and Legislative Director for the Washington Medical Commission (WMC), presented on Washington's experience as a member of the Compact, the topic of shield laws, and telemedicine registries. For additional details, refer to the WMC presentation on the Task Force's [Meeting Materials webpage](#).

In closing, Assistant Secretary Marqusee reminded members that copies of the meeting materials will be posted to the Task Force's Mass.gov webpage (<https://www.mass.gov/telehealth-task-force>). She noted that ahead of the Task Force's next meeting, scheduled for January 14, a member of her staff would be contacting members to solicit their feedback on topics they would like to include in the Task Force's upcoming meetings.

Vote 2 to adjourn the meeting: Assistant Secretary Marqusee requested a motion to adjourn the meeting. Adam Delmolino introduced the motion, which was seconded by Dr. Zeidman and approved by roll-call vote (see detailed record of votes above).

The meeting was adjourned at 11:00 am.
