

# Free, quick, and easy telehealth for COVID-19 Treatment Pills

color

## Have COVID-19 symptoms?

The Commonwealth of Massachusetts, in partnership with Color, is offering free telehealth visits to get COVID-19 treatment pills, for those ages 12 and up.

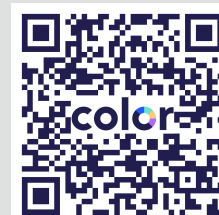

Oral antiviral treatment is for people who have had COVID-19 symptoms for 5 days or less. Antiviral treatment may reduce the risk of severe disease and prevent hospitalization.

If prescribed, you can pick up treatment pills at your local pharmacy.
