Dear Commissioner Bharel,

I am writing to inform you of a Ten Taxpayer group that has come together concerned about the MGB Project Number MGB 20121612-HE, proposing a new building at Massachusetts General Hospital, containing 482 M/S and ICU beds with the corresponding closure 388 semi-private beds (94 net new beds) at a cost of \$1,880,774,238.

The concern is for the propulsion of skyrocketing costs of healthcare in Boston and Massachusetts MassHealth rates that would preclude members on MassHealth from having access to MGH and crowding out other funding in the state budget of public goods, like housing, education, transportation, infrastructure, etc.

I assure you that 10 Massachusetts taxpayers have signed on to this letter by sending emails confirming their concern.

Sincerely,

Elmer R. Freeman  
Founder of Ten Taxpayers Alliance
