

# Equine-Assisted Services

## Fall Session 2: Sessions begin November 2

*No sessions held November 28 - December 1.*

### Adaptive Riding & Horsemanship

Weekly lessons build executive functioning skills, foster independence and confidence, and increase physical stamina and coordination.

*Enrolling now for Fall and Winter.*

### Equine Enrichment Weeks

Spend a week with peers learning all about horses and their care. Ride, groom, and tend to the animals on the farm daily. Participate in daily crafts and games, too!

### Animal Caretaking - Vocational Training

Build life skills in a pastoral setting. Communicate & collaborate while helping the horses, sheep, bunny and cats!

*Enrolling now for Fall and Winter.*

### Physical Therapy

### Speech Language Pathology

Licensed therapists can incorporate equine movement as a treatment tool known as hippotherapy to help patients achieve functional goals. A fun and productive way to receive weekly therapy!

*Enroll now for Fall. Winter enrollment opens on November 15.*

### Save the date!
