Project Construction Update

Underground Utility Work

What is Happening?

- The contractor is scheduled to perform water pipe replacement work as part of the Springfield 'X' Intersection Reconstruction project.
- Activities will include asphalt removal, excavation, trenching, water pipe installation, material deliveries, exporting material, staging of construction equipment, and asphalt restoration.

What to Expect?

- **Temporary water service interruptions for individual properties are expected on Ormond Street, Belmont Avenue, and Sumner Avenue.** Notifications for specific properties, dates, and times will be provided in coordination with the Springfield Water and Sewer Commission. For specific questions regarding water service contact the Commission at 413-310-3501 or email at cfs@waterandsewer.org.
- Closures of Ormond Street to through traffic are anticipated during work hours. Local access for residents, businesses, and emergency services will be maintained.
- Police details and appropriate signage will be deployed to assist traffic flow around the work zones.
- On-street parking restrictions are anticipated due to site safety and staging of equipment.

Where is this Work Happening?

This work is anticipated to take place on:

- Ormond Street between Sumner Avenue and Belmont Avenue
- Belmont Avenue at the Ormond Street intersection
- Sumner Avenue at the Ormond Street intersection

When is this Work Happening?

- This work is anticipated to start on Monday, July 7, 2025, and continue through the fall of 2025.
- Work is scheduled on weekdays, Monday – Friday, from 7:00 a.m. – 3:00 p.m.
- Water pipe work in other areas of the project limits will be scheduled at later dates.
