Re: **Final Decision** - Denial of Pharmacist Reciprocal Licensure Application

Dear Mr. Hite:

By letter dated May 5, 2010, the Board of Registration of Pharmacy ("Board") informed you of its preliminary denial of your application for Massachusetts licensure as a Pharmacist ("application") and of your right to request an opportunity for a hearing on such preliminary denial within 21 days of the May 5th letter. You did not submit a request for hearing by May 26, 2010 and have therefore waived any right to such hearing.

Based on the documentation and other information upon which the Board based its preliminary denial of your application, set forth in the Board's May 5, 2010 letter, and as you have not contested the basis for such preliminary denial, the Board hereby informs you of its FINAL DECISION to deny your application for licensure as a Pharmacist.

You may reapply to the Board for licensure as a Pharmacist when you have completed the Maine Medical Professional Health Program (PHP) and your license is current and unrestricted. At the time of any future application to the Board for licensure as Pharmacist you must also comply with any and all licensure requirements that may be in effect at that time.

Please be advised that federal law mandates the Board to report this application denial to the National Practitioner Data Bank and the Healthcare Integrity and Protection Data Bank.

Sincerely,

Joanne M. Trifone
