

My name is Patrick Tiberio I live in Mansfield Massachusetts and my family has a home in South Yarmouth and we enjoy boating in Nantucket Sound. I don't want to see a resource as pristine and fragile as HorseShoe Shoal littered with wind mills. I don't know what the effect will be but its not worth the risk. The Sound is for everybody and should not be used for an individuals gain. My daughter is four years old and I would like her the ability to enjoy Cape Cod and the Sound like I do. I support the SOS organization along with my wife, parents and in-laws, our VOTE IS SAVE OUR SOUND.
