Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.
Statement of Interest	<p>The impacts of money on politics will impact no generation more than millennials and those younger, and no area is seeing the disproportionate power of money in politics to stifle progress then when it comes to fighting climate change. I think my lived experience as a young resident of the Commonwealth and as a young professional working on climate change mitigation makes me uniquely qualified to serve on this commission.</p> <p>I have experience on multiple other committees and boards. I'm a member of my local rotary club, a local committee advising my Mayor on energy policy, and on an external advisory committee working to update my regional planning agencies 2050 regional plan. I think I have the qualifications, interest, and time commitment to be able to serve on this commission and do so in a way that is beneficial to members of the commonwealth.</p>
