Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.
Statement of Interest	<p>Question 2 would create a citizen commission to push a constitutional amendment to overturn the Citizens United v. FEC Supreme Court decision on campaign finance. This is a controversial ruling, which held that the government could not restrict political spending by corporations, increased the undue influence of money in politics and is a serious and direct threat to our democracy. Having recently run for Selectmen in the Town of Belmont I have seen first hand the pros and cons of money in politics.</p> <p>I would enthusiastically accept appointment to the 15-person commission. I would support research into the current campaign finance system and recommend an amendment to overturn Citizens United that would provide a more transparent election process.</p> <p>Thank you for considering me for this commission.</p> <p>Sincerely, Timothy Flood</p>
