

# Top 5 Facts about the Restaurant Meals Program

Speaking points for RMP vendors when talking to patrons

## 1.

The Restaurant Meals Program (RMP) makes healthy prepared foods available to eligible MA residents while supporting participating restaurants in your community.

## 2.

RMP allows SNAP recipients who qualify to order healthy meals in person or as takeout. It's a new option for SNAP recipients who are 60+ years old, have a disability that makes it hard to get around, or are experiencing homelessness.

## 3.

With RMP, you order directly from the menu and pay using your SNAP EBT card—it's that simple. All transactions are secure and private. RMP is not subject to meals tax.

## 4.

RMP supports us all. It's an investment in our health and our local community. When everyone has the nutrition they need, we all win.

## 5.

Want to know if you qualify for RMP? Scan the QR code on our table tents or visit [mass.gov/snaprestaurants](https://mass.gov/snaprestaurants). You'll find more information about the program, including a list of participating restaurants and food trucks.
