

Key to Understanding Direct Certification and Direct Verification Match History Results

Direct Certification Outcomes (SNAP / TAFDC Match)

#	Possible Outcomes
1	Exact Match – Certified
2	Partial Match - MFILC – Certified
3	Partial Match - MFLPD – Certified
4	Partial Match - MFPLC – Certified
5	No Match *

Possible Outcomes:

- Exact Match: Exact match on all data provided
- MFILC condition: Match on First Initial, Last Name and DOB
- MFLPD condition: Match on First Name, Last Name and Partial DOB
(2 out of 3 Date fields should match)
- MFPLC condition: Match on First Name, Partial Last Name (first 4 letters) and DOB
- No Match * : No match found based on data provided

* Since no match was found against SNAP / TAFDC data, this would go further for Medicaid Match and the possible outcomes are as shown under the Direct Verification Outcomes (Medicaid Match).

NOTE: If a duplicate match was found for Direct Certification or as part of the SNAP / TAFDC match during Direct Verification, then we will follow the normal process for matching (as if they weren't a duplicate) and display the Match Type accordingly from the values above.
