

Chrome Mobile Device

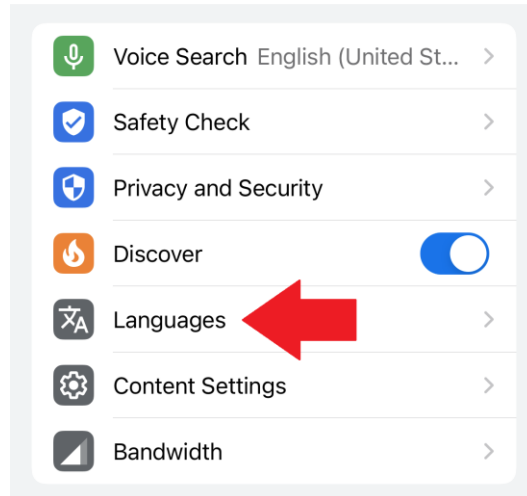

- Step 1: Open the Google Chrome app on your mobile device and tap on the 3 dots on the lower part of the screen.
 - **Note:** The dots might be in a different spot on your mobile device.

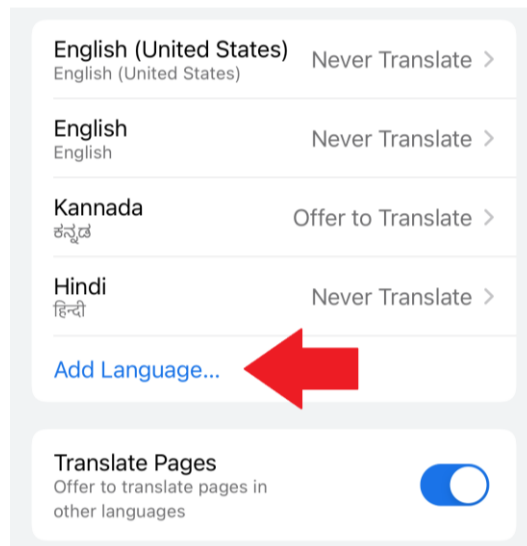

- Step 2: In the drop-down menu, tap on **Settings**.

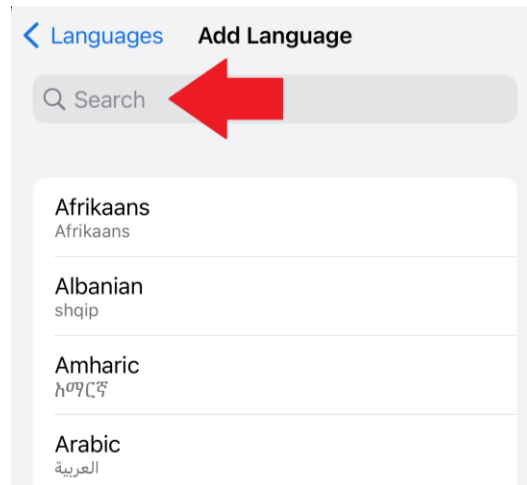

- Step 3: Tap on **Languages**.

- Step 4: Scroll down and tap on **Add Language...**

- Step 5: On the **Add Language** screen, type **the language you want** in the **Search** box.

- Step 6: Tap on **the language you want** and tap on **Offer to Translate**.
 - **Note:** This may not be available for all languages.
