Benefit Summary

Navigator™ by Tufts Health Plan is a point of service (POS) plan that covers preventive and medically necessary health care services and supplies. These are services and supplies you need to help you stay healthy or get healthy when you're sick.

How this plan works:

- You can get covered health care services from any health care provider in or out of our network. Your costs are lower in-network.
- Use the “Authorized” level of benefits and visit Tier 1 or Tier 2 providers to lower your cost share.

To receive the highest (“Authorized”) level of benefits:

- Choose a primary care provider (PCP)
- Obtain care from your PCP
- Obtain referrals to see specialists when needed
- Use providers in the Navigator by Tufts Health Plan network

You will pay more when you use the “Unauthorized” level of benefits—that is, you have not chosen a PCP or obtained referrals to see specialists, or you are using out-of-network providers.

It is very important to check the updated tier assignments for all of your providers, as tier assignments may have changed. Go to tuftshealthplan.com/gic, your secure online member account to check your provider's tier or to search for a provider.

Primary Care Physicians (PCPs), specialists, and hospitals are placed in one of three tiers based on participation in the GIC's Centered Care program and the group's total cost for GIC members. All physicians and hospitals in the same provider system are placed in the same tier.

Member cost-sharing varies by tier, and **your copayments depend on the providers you choose**. If you regularly use Tier 2 or Tier 3 providers, you may want to consider changing to a Tier 1 provider—you could save up to \$45 on each office visit and \$1,225 on hospital admissions.

Tier 1:

- PCPs (including pediatricians and PCPs who are also specialists)—\$10
- Specialists—\$30
- Hospitals—\$275

Tier 2:

- PCPs—\$20
- Specialists—\$60
- Hospitals—\$500

Tier 3:

- PCPs—\$40
- Specialists—\$75
- Hospitals—\$1,500

To see the copays for each network hospital, check the Navigator Copayments for Inpatient Hospital Admissions list in this guide.

About this plan's deductibles

- Authorized annual deductible: Plan members must pay the authorized deductible of **\$500 per individual/\$1,000 per family** for applicable covered services in our network. This does not apply to in-network behavioral health services.
- Unauthorized annual deductible: Members using the unauthorized level of benefits must pay the unauthorized deductible of **\$500 per individual/\$1,000 per family**. This unauthorized deductible also applies to out-of-network behavioral health services.

Once you have paid the unauthorized deductible, Tufts Health Plan will pay 80% and you will pay 20% of the “reasonable charges.”* This continues until you reach the out-of-pocket maximum of \$5,000 per individual/\$10,000 per family. At this time, your services are covered in full (up to the reasonable charges) for the rest of the plan year.

*Reasonable charges are the customary rates that providers in a geographical area are paid for specific services.

Centered Care Program

Tufts Health Plan's Centered Care program for GIC members helps you get quality care that is centered around you.

With Centered Care, you benefit from greater coordination among all of your doctors, with a primary care provider (PCP) as your first point of care. Working together, your PCP and other practitioners can review your medical records electronically, understand your health history, and make care recommendations.

A Centered Care doctor's office can treat you for everything from minor scrapes and sore throats to chronic conditions and serious illnesses. Most have 24/7 telephone medical advice, evening appointment hours, and weekend and holiday urgent care for when you have an urgent, but non-life threatening illness or medical need. Each doctor's office is also affiliated with preferred hospitals in your community.

To make it easier for you to find a Centered Care provider, the GIC provider online directory identifies Centered Care providers with a  symbol.

The following medical groups are designated as Centered Care Organizations for members of Navigator by Tufts Health Plan. They offer a range of services and specialties:

- Acton Medical Associates
- Atrius Health
- Baycare Health Partners
- Beth Israel Lahey*
- Boston Medical Center
- Lowell General Physician Hospital Organization
- Mount Auburn Cambridge Independent Practice Association
- New England Quality Care Alliance**
- Reliant Medical Group
- Reliant - Southboro Medical Group
- Southcoast Hospitals Group
- South Shore Medical Center
- South Shore PHO
- Steward Health Care Network***
- Sturdy Memorial Hospital

*Includes Mount Auburn Hospital, Beth Israel Deaconess Care Organization and Lahey Clinic.

**New England Quality Care Alliance includes Highland Healthcare Associates and Hallmark Health PHO.

***Steward Health Care Network includes Central Massachusetts Independent Physician Association.

Who are PCPs and what do they do?

Members of Navigator by Tufts Health Plan are required to choose a PCP. PCPs typically are internal medicine and/or family medicine physicians, but may specialize in pediatrics, osteopathy, or obstetrics/gynecology or may also be nurse practitioners and physician assistants.

PCPs play a critical role in the success of Centered Care. A PCP will provide most of your routine care and can refer you to other practitioners when needed. A PCP can also keep records of the care you've received and advocate for you and your health.

How do I let Tufts Health Plan know about my PCP?

Designating a PCP lets that provider know that you are their patient, and they are responsible for making sure you get the best care.

Letting us know your PCP choice is easy. You can either:

- Log in to your secure online account at mytuftshealthplan.com and click on "Change Primary Care Provider" or
- Call Member Services at 800.870.9488

See Tier 1 providers to save

PCPs, specialists, and hospitals are placed in one of three tiers based on participation in the Centered Care program for GIC members and the group's total cost for GIC members.

Tier 1 providers always have the lowest copayment: (\$10 for PCP visits, \$30 for specialist visits, and \$275 for inpatient hospital care.) Tier 2 providers have a higher copayment (\$20 for PCPs, \$60 for specialists, and \$500 for inpatient care), while Tier 3 providers have the highest copayment (\$40 for PCPs, \$75 for specialists, and \$1,500 for inpatient care).

It is very important to check the updated tier assignments for all of your providers. To find a provider's tier, visit tuftshealthplan.com/gic. In the "Explore Your Plan Options" section, under "Navigator by Tufts Health Plan," click on "Find a Provider." Or, if you need help, you can always call Member Services at 800.870.9488.

If you see a Tier 2 or Tier 3 provider, you may want to consider changing to a Tier 1 provider— you could save up to \$45 on each office visit and up to \$1,225 on inpatient admissions.

The choice is up to you. With health care costs continuing to rise, it's good to know that your health plan gives you options to save money with lower-tiered providers.

Behavioral Health Benefits

As a Tufts Health Plan member, you have access to coverage for a wide variety of behavioral health services. This guide will help you understand your benefits and give you instruction on how to access the providers and services that meet your needs.

What behavioral health provider is right for Me?

There are many types of behavioral health professionals. To find the provider that's right for you, consult with your primary care physician (PCP) or find an in-network behavioral health provider by visiting tuftshealthplan.com/gic and logging in to your secure online member account.

- Spirit members **must use an in-network provider**
- Navigator members may see either an in-network or an out-of-network provider. However, in order to access outpatient behavioral health services from an in-network provider at the in-network, authorized level of benefits, you must notify Tufts Health Plan within 30 days of your visit with a network provider. You can do so by calling 800.870.9488 Monday-Friday 8am-6pm.

What do behavioral health services cost?

After the first three visits, an office visit copay will apply. Note: This change does not apply to services provided through Teladoc.

Out-of-network costs

Navigator members have the option of receiving inpatient behavioral health services from out-of-network facilities. If you choose to receive services at an out-of-network facility, you will be covered at the unauthorized level of benefits and will be responsible for paying a deductible and coinsurance for these services. Choosing an out-of-network facility will cost you more money out of your own pocket.

For purposes of clarification, "telehealth services" are those rendered through our preferred vendor, Teladoc. "Telemedicine services" are services obtained from any Tufts Health Plan or Non-Tufts Health Plan Provider.

Telemedicine services are available from both Tufts Health Plan and Non-Tufts Health Plan Providers that offer these services. You will need to follow the same rules about referrals when you receive telemedicine services from Tufts Health Plan Providers as you would for office visits with these Providers. Please see Part 3 for more information about referral requirements. Please see the "Benefit Overview" for information on applicable Cost-Sharing

Emergency and inpatient access for behavioral health and substance use disorder services

Tufts Health Plan contracts with selected hospitals to provide emergency, inpatient, and partial hospitalization for behavioral health and substance use disorder care.

To receive care, you can contact a Tufts Health Plan contracted behavioral health facility in your plan's network. Or, call us at **800.870.9488** and choose the option for behavioral health and we can help you find one. If you are experiencing an emergency situation, go to the nearest emergency room for an evaluation.

COVID-19 Resource Center

COVID-19 resources and information tailored to meet your needs.

At Tufts Health Plan, we are committed to providing accurate, reliable, and timely information about access to health care services and benefit coverage during the COVID-19 pandemic. As the COVID-19 situation continues to evolve, we want to make sure our members stay informed.

For the latest information on at-home test reimbursement policies, other testing and vaccine coverage, frequently asked questions (FAQs), and more, visit: tuftshealthplan.com/covid-19/home

Eye Care Benefits

Access to 61,000 Eye Care Providers

Coverage through the EyeMed Vision Care Network

Tufts Health Plan offers coverage for routine eye exams and other vision services through the EyeMed Vision Care network.

You're covered

Coverage through our EyeMed Vision Care Providers

LENSCRAFTERS®

OPTICAL™

PEARLE EYE VISION™

Access routine eye and vision care services

1. Use mytuftshealthplan.com or our mobile app and click on "Doctor Search" to find an eye care provider in the EyeMed network. (Or to check if your eye doctor is in the network).
2. Visit a provider in the EyeMed network to receive the highest level of coverage for routine eye exams.

Discounts on glasses and contacts

When you use eye care providers in the EyeMed network:

- **Save 35%** on the price of frames and get discount prices on lenses when you buy a pair of glasses.¹
- **Save 20%** on the price of nonprescription sunglasses.
- **Save 5%-15%** on the price of LASIK and PRK laser vision correction. For a location near you and approval for the discount, please call 877.5LASER6.
- Order contact lenses for less than the retail price and have them shipped to your home or office. Visit contactsdirect.com, lenscrafters.com or targetoptical.com to purchase contact lenses online.²

¹ Discounts may not apply to some frames. Prices may vary by retail store.

² The cost of a contact lens evaluation and fitting is not covered by your Tufts Health Plan eye care benefit, so you will need to pay for these services.

What is typically covered?

Routine eye exams may include some or all of the following services:

- A review of the history of your eyes and vision, along with a general health history
- A discussion of any vision problems
- An exam of the inside and outside of your eyes and of the areas around your eyes
- A measure of the pressure in your eyes
- Dilation to make your pupils larger so that your eye care provider can see and check the entire inside of your eye
- A measure of how well you see close up and at a distance
- A test of your vision to see if you need prescription glasses and whether or not you can use contact lenses
- A treatment plan, follow-up eye exams, and eye health advice

Eye care providers

- **Optician:** An eye care provider who reads vision prescriptions and helps you choose the glasses, contact lenses, and other eye aids that are right for you
- **Optometrist (O.D.):** A licensed eye care provider who performs eye exams and other eye care services, and prescribes glasses, contacts, and other vision aids
- **Ophthalmologist (M.D.):** An eye doctor who performs eye exams, treats eye disease, conducts surgery, and prescribes glasses, contacts, and other vision aids

Important: Providers within the EyeMed network are able to meet your routine eye care and certain medical optometry needs. However, if you need to see an ophthalmologist to treat or monitor an eye disease or condition, be sure to confirm that the ophthalmologist is in the Tufts Health Plan network. If your plan requires a referral for specialty care, you will need to get one from your Primary Care Provider.

Fitness Rewards

Stay in Shape and Save

To encourage you to get fit and stay healthy, Tufts Health Plan offers a number of ways for you to save on fitness center fees both in and outside of our fitness center network.

\$150 fitness center rebate

We'll give you a rebate of up to \$150 on your fitness center membership and certain group exercise classes. It's simple! Once you've been a member of Tufts Health Plan for at least four months, you're eligible for the rebate.

The fitness center must offer cardio and strength-training machines and other programs for improved physical fitness. The rebate does not include martial arts centers, gymnastics centers, country clubs, aerobics-only or pool-only centers, sports teams and leagues, social clubs and tennis clubs, personal trainers, sports coaches, or the purchase of personal or at-home exercise machines.

You are also eligible for a rebate on the cost of certain group exercise classes, including online fitness classes. Dance classes are not included. Group exercise classes include, but are not limited to: yoga, pilates, aerobics, Zumba, and kickboxing.

The rebate applies one time per family, one time per calendar year. The rebate is paid to the Tufts Health Plan subscriber after you pay your fitness center fees. Submit the Fitness Rebate Form, along with proof of fitness center membership and payment, and Tufts Health Plan will pay up to \$150 of your fees for the year. Reimbursements are typically processed within 4 to 6 weeks of receipt.

To learn more about Tufts Health Plan fitness discounts, go to tuftshealthplan.com/gic or call a member representative at 800.870.9488.

You must complete all fields. Please print clearly. Retain a copy of all receipts and documents for your records. Please be sure to sign the form.

To qualify for the fitness club rebate, you must complete four consecutive months of membership in Tufts Health Plan and at a qualified fitness center each year you apply.

You will have 24 months from the date you incurred your fitness club fees to submit your request for the fitness rebate of up to \$150. The rebate applies one time per family, one time per calendar year. The rebate is paid to the Tufts Health Plan subscriber, regardless of which member submitted for reimbursement, after the fitness center fees are paid. Reimbursements are typically processed within 4 to 6 weeks of receipt.

**Provider
Access Area**

The Navigator by Tufts Health Plan provider area includes a provider access area and an extended provider access area.

Provider access area

The provider access area includes all of Massachusetts, Rhode Island, and New Hampshire—where primary care providers (PCPs) who participate in our network are located and are a reasonable distance from specialists who provide the most-often-used services, such as surgeons and OB/GYNs.

Extended provider access area (Tufts Health Plan)

The extended provider access area includes additional contracted PCPs and specialists in our network who provide the most-often-used services, such as surgeons and OB/GYNs in border states and towns.

Our network has more than 60,000 providers and includes access to 14,000 behavioral health providers and 109 hospitals. Visit our website at tuftshealthplan.com/gic for an up-to-date list of providers in our network.

Notice of Privacy Practices

This notice describes how health information about you may be used and disclosed and how you can get access to this information.

Please review it carefully.

Tufts Health Plan is committed to safeguarding the privacy of our members' protected health information ("PHI"). PHI is information which:

- identifies you (or can reasonably be used to identify you); and
- relates to your physical or mental health or condition, the provision of health care to you or the payment for that care.

We are required by law to maintain the privacy of your PHI and to provide you with notice of our legal duties and privacy practices with respect to your PHI. This Notice of Privacy Practices describes how we may collect, use and disclose your PHI and your rights concerning your PHI. This Notice applies to all members of Tufts Health Plan's commercial insured health benefit plans (including HMO, POS and PPO plans and Medicare Complement plans) and to employees covered under the Tufts Associated Health Plans, Inc. group health plans. Unless your employer has notified you otherwise, this Notice of Privacy Practices also applies to all members of self-insured group health plans that are administered by a Tufts Health Plan entity.

How we obtain PHI

As a managed care plan, we engage in routine activities that result in our being given PHI from sources other than you. For example, health care providers—such as physicians and hospitals—submit claim forms containing PHI to enable us to pay them for the covered health care services they have provided to you.

How we use and disclose your PHI

We use and disclose PHI in a number of ways to carry out our responsibilities as a managed care plan. The following describes the types of uses and disclosures of PHI that federal law permits us to make without your specific authorization:

- **Treatment:** We may use and disclose your PHI to health care providers to help them treat you. For example, our care managers may disclose PHI to a home health care agency to make sure you get the services you need after discharge from a hospital.
- **Payment purposes:** We use and disclose your PHI for payment purposes, such as paying doctors and hospitals for covered services. Payment purposes also include activities such as: determining eligibility for benefits; reviewing services for medical necessity; performing utilization review; obtaining premiums; coordinating benefits; subrogation; and collection activities.
- **Health care operations:** We use and disclose your PHI for health care operations. For example, this includes: coordinating/managing care; assessing and improving the quality of health care services; reviewing the qualifications and performance of providers; reviewing health plan performance; conducting medical reviews; and resolving grievances. It also includes business activities such as: underwriting; rating; placing or replacing coverage; determining coverage policies; business planning; obtaining reinsurance; arranging for legal and auditing services (including fraud and abuse detection programs); and obtaining accreditations and licenses. We do not use or disclose PHI that is genetic information for underwriting purposes.
- **Health and wellness information:** We may use your PHI to contact you with information about: appointment reminders; treatment alternatives; therapies; health care providers; settings of care; or other health-related benefits, services and products that may be of interest to you. For example, we might send you information about smoking cessation programs, or we might send a mailing to subscribers approaching Medicare eligible age with materials describing our senior products and an application form.
- **Organizations that assist us:** In connection with treatment, payment and health care operations, we may share your PHI with our affiliates and third party "business associates" that perform activities for us or on our behalf, for example, our pharmacy benefit manager. We will obtain assurances from our business associates that they will appropriately safeguard your information. The following corporate affiliates of Tufts Health Plan designate themselves as a single affiliated covered entity and may share your information among them: Tufts Associated Health Maintenance Organization, Inc., Tufts Health Public Plans, Inc., Tufts Insurance Company, CarePartners of Connecticut, Inc., Tufts Associated Health Plans, Inc. group health plans, Harvard Pilgrim Health Care, Inc., Harvard Pilgrim Health Care of New England, Inc., HPHC Insurance Company, Inc., and Harvard Pilgrim Group Health Plan.
- **Plan sponsors:** If you are enrolled in Tufts Health Plan through your current or former place of work, you are enrolled in a group health plan. We may disclose PHI to the group health plan's plan sponsor—usually your employer—for plan administration purposes. A plan sponsor of an insured health benefit plan must certify that it will protect the PHI in accordance with law.

- **Public health and safety; health oversight:** We may disclose your PHI: to a public health authority for public health activities, such as responding to public health investigations; when authorized by law, to appropriate authorities, if we reasonably believe you are a victim of abuse, neglect or domestic violence; when we believe in good faith that it is necessary to prevent or lessen a serious and imminent threat to your or others' health or safety; or to health oversight agencies for certain activities such as: audits; disciplinary actions; and licensure activity.
- **Legal process; law enforcement; specialized government activities:** We may disclose your PHI: in the course of legal proceedings; in certain cases, in response to a subpoena, discovery request or other lawful process; to law enforcement officials for such purposes as responding to a warrant or subpoena; or for specialized governmental activities such as national security.
- **Research; death; organ donation:** We may disclose your PHI to researchers, provided that certain established measures are taken to protect your privacy. We may disclose PHI, in certain instances, to coroners, medical examiners and in connection with organ donation.
- **Workers compensation:** We may disclose your PHI when authorized by workers' compensation laws.
- **Family and friends:** We may disclose PHI to a family member, relative or friend—or anyone else you identify—as follows: (i) when you are present prior to the use or disclosure and you agree; or (ii) when you are not present (or you are incapacitated or in an emergency situation) if, in the exercise of our professional judgment and in our experience with common practice, we determine that the disclosure is in your best interests. In these cases we will only disclose the PHI that is directly relevant to the person's involvement in your health care or payment related to your health care.
- **Personal representatives:** Unless prohibited by law, we may disclose your PHI to your personal representative, if any. A personal representative is a person who has legal authority to act on your behalf regarding your health care or health care benefits. For example, an individual named in a durable power of attorney or a parent or guardian of an unemancipated minor are personal representatives.
- **Communications:** We will communicate information containing PHI to the address or telephone number we have on record for the subscriber of your health benefits plan. Also, we may mail information containing your PHI

to the subscriber. For example, communication regarding member requests for reimbursement may be addressed to the subscriber. We will not make separate mailings for enrolled dependents at different addresses, unless we are requested to do so and agree to the request. See below "Right to Receive Confidential Communications" for more information on how to make such a request.

- **Required by law:** We may use or disclose your PHI when we are required to do so by law. For example, we must disclose your PHI to the U.S. Department of Health and Human Services upon request if they wish to determine whether we are in compliance with federal privacy laws.

If one of the above reasons does not apply, we will not use or disclose your PHI without your written permission ("authorization"). You may give us written authorization to use or disclose your PHI to anyone for any purpose. You may later change your mind and revoke your authorization in writing. However, your written revocation will not affect actions we've already taken in reliance on your authorization. Where state or other federal laws offer you greater privacy protections, we will follow those more stringent requirements. For example, under certain circumstances, records that contain information about: alcohol abuse treatment; drug abuse prevention or treatment; AIDS-related testing or treatment; or certain privileged communications, may not be disclosed without your written authorization. In addition, when applicable we must have your written authorization before using or disclosing medical or treatment information for a member appeal. See below "Who to Contact for Questions or Complaints" if you would like more information.

How we protect PHI within our organization

Tufts Health Plan protects oral, written and electronic PHI throughout our organization. We do not sell PHI to anyone. We have many internal policies and procedures designed to control and protect the internal security of your PHI. These policies and procedures address, for example, use of PHI by our employees. In addition, we train all employees about these policies and procedures. Our policies and procedures are evaluated and updated for compliance with applicable laws.

Your individual rights

The following is a summary of your rights with respect to your PHI:

- **Right of access to PHI:** Right of Access to PHI: You have the right to inspect and get a copy of most PHI Tufts Health Plan has about you, or a summary explanation of PHI if agreed to in advance by you. Requests must be made in writing and reasonably describe the information you would like to inspect or copy. If your PHI is maintained electronically, you will also have the right to request a copy in electronic format. We have the right to charge a reasonable cost-based fee for paper or electronic copies as established by state or federal law. Under certain circumstances, we may deny your request. If we do so, we will send you a written notice of denial describing the basis of our denial. You may request that we send a copy of your PHI directly to another person that you designate. Your request must be in writing, signed by you, and clearly identify the person and the address where the PHI should be sent.
- **Right to request restrictions:** You have the right to ask that we restrict uses or disclosures of your PHI to carry out treatment, payment and health care operations; and disclosures to family members or friends. We will consider the request. However, we are not required to agree to it and, in certain cases, federal law does not permit a restriction. Requests may be made verbally or in writing to Tufts Health Plan.
- **Right to receive confidential communications:** You have the right to ask us to send communications of your PHI to you at an address of your choice or that we communicate with you in a certain way. For example, you may ask us to mail your information to an address other than the subscriber's address. We will accommodate your request if: you state that disclosure of your PHI through our usual means could endanger you; your request is reasonable; it specifies the alternative means or location; and it contains information as to how payment, if any, will be handled. Requests may be made verbally or in writing to Tufts Health Plan.
- **Right to amend PHI:** You have the right to have us amend most PHI we have about you. We may deny your request under certain circumstances. If we deny your request, we will send you a written notice of denial. This notice will describe the reason for our denial and your right to submit a written statement disagreeing with the denial. Requests must be in writing to Tufts Health Plan and must include a reason to support the requested amendment.
- **Right to receive an accounting of disclosures:** You have the right to a written accounting of the disclosures of your PHI that we made in the last six years prior to the date you request the accounting. However, except as otherwise provided by law, this right does not apply to: (i) disclosures we made for treatment, payment or health care operations; (ii) disclosures made to you or people you have designated; (iii) disclosures you or your personal representative have authorized; (iv) disclosures made before April 14, 2003; and (v) certain other disclosures, such as disclosures for national security purposes. If you request an accounting more than once in a 12-month period, we may charge you a reasonable fee. All requests for an accounting of disclosures must be made in writing to Tufts Health Plan.
- **Right to authorize other use and disclosure:** You have the right to authorize any use or disclosure of PHI that is not specified within this notice. For example, we would need your written authorization to use or disclose your PHI for marketing, for most uses or disclosures of psychotherapy notes, or if we intended to sell your PHI. You may revoke an authorization, at any time, in writing, except to the extent that we have taken an action in reliance on the use or disclosure indicated in the authorization.
- **Right to receive a privacy breach notice:** You have the right to receive written notification if we discover a breach of your unsecured PHI and determine through a risk assessment that notification is required.
- **Right to this notice:** You have a right to receive a paper copy of this Notice from us upon request.
- **How to exercise your rights:** To exercise any of the individual rights described above or for more information, please call a member services coordinator at 1-800-462-0224 (TDD: 711) or write to:

Effective date of notice

This Notice takes effect February 1, 2021. We must follow the privacy practices described in this Notice while it is in effect. This Notice will remain in effect until we change it. This Notice replaces any other information you have previously received from us with respect to privacy of your medical information.

Changes to this notice of privacy practices

We may change the terms of this Notice at any time in the future and make the new Notice effective for all PHI that we maintain—whether created or received before or after the effective date of the new Notice. Whenever we make an important change, we will publish the updated Notice on our website at **tuftshealthplan.com**. In addition, we will use one of our periodic mailings to inform subscribers about the updated Notice.

Who to contact for questions or complaints

If you would like more information or a paper copy of this Notice, please contact a member services representative at the number listed above. You can also download a copy from our website at **tuftshealthplan.com**. If you believe your privacy rights may have been violated, you have a right to complain to Tufts Health Plan by calling the Privacy Officer at 1-800-208-9549 or writing to:

Privacy Officer
