(g) In the event that Licensee demonstrates that an existing or future Cable Service provider or wireline based video service provider in the Town has been provided relief by the Issuing Authority from any obligation of its license or other authorization, then Licensee shall be awarded an equivalent amount of relief from the material obligations herein. Such relief shall be in writing and in the form of an amendment to this License. The Issuing Authority shall convene a public hearing on the issue within sixty (60) days of Licensee's notification to the Issuing Authority requiring such relief, unless otherwise mutually agreed to. License shall provide reasons for its belief in the notification. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any existing or future service providers in the Town have been provided relief by the Issuing Authority from any obligation of its cable television license or other similar lawful authorization. If Licensee fails to make such restoration within a reasonable time, the Issuing Authority may fix a reasonable time for such restoration and repairs, and shall notify Licensee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of Licensee to comply within the time specified, the Issuing Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by Licensee upon written demand by the Issuing Authority.

SECTION 4.3 - CABLE LOCATION

All cable operators or public or municipal utility companies shall be treated alike if reimbursed for such costs by the Town.

(c) Subject to section 3.1, provided Licensee has at least ninety (90) days' prior written notice concerning the opening of residential subdivision trenching, or of the installation of conduit for the location of utilities, it shall install its cable in such trenching or conduits or may seek permission to utilize alternative trenching or conduits within a comparable time frame. If a substantial quantity of cable is required for a large subdivision and said quantity is not in stock, Licensee shall be allowed additional time for said installation. The Issuing Authority, or its designee, shall exercise reasonable efforts to have the Planning Board and developers give timely written notice of trenching and underground construction to Licensee. Developer shall be responsible for the digging and back-filling of all trenches.

(d) Nothing in this Section shall be construed to require Licensee to construct, operate, or maintain underground any ground-mounted appurtenances such as customer taps, line extenders, system passive devices, amplifiers, power supplies, pedestals, or other related equipment.

SECTION 4.4 - TREE TRIMMING [SEE M.G.L.c. 166A §5(a)]

Under 207 CMR 4.00, an “affiliated company” is any person or entity that directly or indirectly or through one or more intermediaries, controls, is controlled by, or is under common control with another person or entity. The application for consent to an assignment or transfer shall be signed by Licensee and by the proposed assignee or transferee or by their representatives, evidence of whose authority shall be submitted with the application. Within thirty (30) days of receiving a request for consent, the Issuing Authority shall, in accordance with State and FCC rules and regulations, notify Licensee in writing of the additional information, if any, it requires to determine the legal, financial, technical and managerial qualifications of the transferee or new controlling party. If the Issuing Authority has not taken action on Licensee’s request for consent within one hundred twenty (120) days after receiving such request, consent shall be deemed given.

SECTION 9.11 - REMOVAL OF SYSTEM

Upon termination of this Renewal License or denial of any renewal hereof by passage of time or otherwise in accordance with applicable law and after all appeals from any judicial determination are exhausted and final, Licensee shall remove its supporting structures, poles, transmission and distribution systems and other appurtenances from the streets, ways, lanes, alleys, parkways, bridges, highways, and other public and private places in, over, under, or along which they are installed and shall restore the areas to their original condition. If such removal is not completed within six (6) months of such termination, the Issuing Authority or property owner may deem any property not removed as having been abandoned. Notwithstanding the above, Licensee shall not be required to remove its Cable System, or to relocate the Cable System, or to sell the Cable System, or any portion thereof as a result of termination, denial of renewal, or any other lawful action to forbid or disallow Licensee from providing Cable Service, if the Cable System is actively being used to facilitate any other services not governed by the Cable Act.

SECTION 9.12 - INCORPORATION BY REFERENCE

(a) All presently and hereafter applicable conditions and requirements of federal and state laws, including but not limited to M.G.L.c. 166A, and the rules and regulations of the FCC and the Department, as they may be amended from time to time, are incorporated herein by reference, to the extent not enumerated herein.

(b) Should the State, the federal government or the FCC require Licensee to perform or refrain from performing any act the performance or non-performance of which is inconsistent with any provisions herein, the Issuing Authority and Licensee will thereupon, if they determine that a material provision herein is affected, modify any of the provisions herein to reflect such government action.

SECTION 9.13 - NO THIRD PARTY BENEFICIARIES

Nothing in this Renewal License is intended to confer third-party beneficiary status on any member of the public to enforce the terms of this Renewal License.

SECTION 9.14 NON-PERFORMANCE BY LICENSEE

(a) The payment of damages for violations under this License shall not be deemed to excuse the violation, unless said payment is made pursuant to a settlement agreement that resolves the violation.

(b) Failure of the Town to enforce the performance of any term of this License shall not be deemed a waiver of its right to insist upon the subsequent performance of that term.
