Bureau of Water Resources – Drinking Water Program  
**UIC Class V Well Technical Compliance Form**  
(Attach to your eDEP BRP WS 06 UIC Registration application form)

Enter UIC Registration Number (if applicable):

UIC Registration Number

The *UIC Class V Well Technical Compliance Form* should be submitted with all Underground Injection Control (UIC) registration applications for authorized UIC Class V well types for which a **facility type** or **well type** technical compliance form does not exist. A **facility type** technical compliance document exists for public water supply facilities. **Well type** technical compliance documents exist for:

- stormwater,
- open-loop ground source heat pump,
- motor vehicle rinse water, snow/ice melt, or rain drip.

The technical compliance form should be used by the applicant and Massachusetts Department of Environmental Protection (MassDEP) to determine whether a UIC Registration may be approved. Depending upon responses to questions provided on this form, MassDEP may contact you for additional information.

Technical Compliance forms are not required if you are registering UIC wells for the purpose of closing all of them.

For more information, the MassDEP *Standard Design Guidelines for Shallow UIC Class V Injection Wells* is available in the “Guidance” section of the following MassDEP UIC program’s web page: <https://www.mass.gov/lists/underground-injection-control-uic-guidance>. All questions regarding the UIC program should be addressed to [ask.uic@mass.gov](mailto:ask.uic@mass.gov) or to Joe Cerutti by phone at 617 292-5859 or by mail at the address shown at the end of this document. You may also contact the MassDEP Drinking Water Program at [program.director-dwp@mass.gov](mailto:program.director-dwp@mass.gov) Subject: UIC, or by phone at 617-292-5770.

## A. Residential/Facility Information

**Important:** When filling out forms on the computer, use only the tab key to move your cursor - do not use the return key.

Facility/Residential Property Name

Facility/Residential Property Street Address

City/Town

State

Zip Code

## B. Preparer Information

Preparer Name

Preparer Address (if different from facility)

City/Town

State

Zip Code

Zip

Telephone Number

Preparer's Email

Preparer's Phone #

## C. Technical Compliance Questions

1. Will the discharge contain any sanitary waste or sanitary wastewater?      ☐ Yes      ☐ No

(Attach to your eDEP BRP WS 06 UIC Registration application form)

**C. Technical Compliance Checklist (cont.)**

- |  |                              |                             |
|--|------------------------------|-----------------------------|
| 2. Is there any existing soil or groundwater contamination that may be affected by the UIC Class V injection (i.e. soil contamination that may be mobilized either directly from the discharge or indirectly from the water table mounding that will result from the discharge and/or groundwater contaminant plumes that may migrate or expand as a result of the Class V UIC injection)? | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 3. Does the potential exist for spills or releases of oil or hazardous materials to enter the UIC well?  | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| a. If yes, are there any spill control measures in place to respond to a spill or release, including but not limited to the ability to temporarily block discharge?  | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 4. Is contamination present in the discharge to the UIC well that exceeds RCGW-1 reportable concentration limits for groundwater as specified in the Massachusetts Contingency Plan (MCP), 310 CMR 40.0000?  | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 5. Will the discharge include any brine discharges from the regeneration of cation or anion exchange water treatment filter media?   | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| a. If yes, is the treatment media being regenerated removing any contaminants in the pre-treated water that exceed a maximum contaminant level (MCL) concentration per the MassDEP Drinking Water regulations, 310 CMR 22.00 (does not include contaminants with secondary MCL that are listed in 310 CMR 22.07D)?   | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 6. Do all of the UIC well locations meet all applicable minimum setback distances that are listed in the MassDEP Standard Design Guidelines for Shallow UIC Class V Injection Wells?   | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 7. Is a minimum vertical separation distance of four feet met between the base of each of the Class V UIC wells (measured from base of filter sand or stone placed beneath UIC well (if applicable)) and the seasonal high groundwater (water table) elevation?  | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 8. Is a minimum vertical separation distance of five feet met between the base of each of the Class V UIC wells (measured from base of filter sand or stone placed beneath UIC well (if applicable)) and the top of bedrock?   | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 9. Are any well additives being used or proposed for use that will be discharge to the UIC well?   | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| a. If yes, have you completed a Proposal for Chemical Use (additive) in a UIC Class V Well form?   | <input type="checkbox"/> Yes | <input type="checkbox"/> No |

**D. Certification Statement**

I certify the following under penalty of law:

This document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my diligent inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

I also hereby acknowledge that I shall submit an updated UIC Class V Well Technical Compliance Form upon a change in activity which may result in ineligibility for the well's "technical compliance" status. I hereby acknowledge that I shall allow MassDEP staff on-site to perform inspections to assess the well's technical compliance.
