NCCC
2014 CONFERENCE
Norwood, MA • April 28-30

Back by popular demand—for its third year—Massachusetts Attorney General Martha Coakley is hosting the **2014 National Cyber Crime Conference** to be held *Monday, April 28th - Wednesday, April 30th* at the **Four Points by Sheraton in Norwood**. The conference will feature three tracks of instruction: a track for prosecutors, a track for investigators and a track for digital evidence forensic examiners. Each track will have multiple breakout sessions featuring instruction from nationally recognized experts in the field of cyber crime. All participants will be provided with an opportunity to receive hands-on instruction.

UPDATE—SANS DFIR AGENDA and NETWARS TOURNAMENT

We are extremely happy to announce that in addition to three cutting-edge labs by Cindy Murphy, Alissa Torres, and Sarah Edwards, SANS is bringing DFIR NetWars to our conference in April! DFIR NetWars Tournament is a completely hands-on learning environment held over all three days of the event.

DFIR NetWars Tournament Topics:
DFIR NetWars Tournament is packed with challenges covering host forensics, network forensics, and malware and memory analysis. Each NetWars Tournament level is designed to not only exercise an individual's capabilities to solve a particular problem, but teach them proper analysis techniques regardless of the toolset they use. SANS DFIR NetWars Tournament is unique as it truly tests a forensic examiner's capabilities to perform in real-world situations by solving a series of unique challenges commonly found during major investigations/incidents. DFIR NetWars Tournament also helps organizations evaluate performance and identify areas where their LE professionals, forensic examiners, and incident response teams might need to obtain additional knowledge. Learn more at sans.org/netwars/dfir-tournament.

SANS DFIR Agenda:
Monday, April 28
10:00am – 11:15am	Breakout Session 1 – Windows Memory Forensics Lab with Alissa Torres
11:30am – 12:45pm	Breakout Session 2 – Windows Memory Forensics Lab with Alissa Torres
2:30pm – 3:45pm	Breakout Session 3 – DFIR NetWars Tournament
4:00pm – 5:15pm	Breakout Session 4 – DFIR NetWars Tournament

Tuesday, April 29
8:30am – 9:40am	Breakout Session 5 – "SANS Room" Hosted for Discussions with Rob Lee and Henri van Goethem
9:50am – 11:00am	Breakout Session 6 – MAC Forensics Lab: When Macs get Hacked with Sarah Edwards
11:10am – 12:20pm	Breakout Session 7 – MAC Forensics Lab: When Macs get Hacked with Sarah Edwards
2:00pm – 3:15pm	Breakout Session 8 – DFIR NetWars Tournament
3:30pm – 4:45pm	Breakout Session 9 – DFIR NetWars Tournament

Wednesday, April 30
8:30am – 9:40am	Breakout Session 10 – "SANS Room" Hosted for Discussions with Rob Lee and Henri van Goethem
9:50am – 11:00am	Breakout Session 11 – Advanced Smartphone Forensics Lab with Cindy Murphy
11:10am – 12:20pm	Breakout Session 12 – Advanced Smartphone Forensics Lab with Cindy Murphy
2:00pm – 3:15pm	Breakout Session 13 – DFIR NetWars Tournament
3:30pm – 4:45pm	Breakout Session 14 – DFIR NetWars Tournament

SANS will be back in Boston this summer with numerous DFIR training courses available.
Available courses in Boston this July:
FOR408: Windows Forensic Analysis w/ **Rob Lee**
SEC504: Hacker Techniques, Exploits & Incident Handling w/ **George Bakos**
FOR572: Advanced Network Forensics and Analysis w/ **Phil Hagen**
FOR585: Advanced Smartphone Forensics w/ **Cindy Murphy**
sans.org/event/boston-2014

Local/State Law Enforcement professionals are eligible to receive 50% off from any SANS Forensic training course. LIMIT 2 scholarship seats per venue, per course. The requirements for using the code are: 1. You are an active duty State or Local Law Enforcement Professional. 2. or Professionals in support of State/Local Law Enforcement are eligible if the unit you support is directly funding your training. Please contact SANS to validate eligibility requirements and receive the discount code at tuition@sans.org.

The National Cyber Crime Conference is a must-attend event as leading SANS experts focus on helping you build your investigative and DFIR skills to new levels. Bring your entire team to take advantage of the multiple labs, network with your peers during special sessions at the conference, and test your mettle at DFIR NetWars Tournament!
