

TOWN OF PELHAM

Vehicle Replacement Plan

Overview

The Pelham Vehicle Replacement Plan applies to all departments/divisions within the Town of Pelham. All departments/divisions shall replace all exempt and non-exempt vehicles with fuel-efficient vehicles as described in the Town of Pelham Fuel Efficient Vehicle Policy, adopted on May 24, 2012.

Replacement Process

Whenever a vehicle has reached the end of its useful life, we will examine the expected use of a replacement vehicle and choose one that best fits the intended use and meets the requirements of our policy of procuring the most fuel efficient vehicle available. We will review the most recent MDOER, Green Communities Division guidance for Criteria 4 and adhere to it in the process of replacing any vehicle.

All non-exempt vehicles shall be replaced with fuel-efficient vehicles that meet the fuel efficiency ratings detailed in Pelham's Fuel Efficient Vehicle Policy, which stipulates adhering to the most recent energy efficiency guidance as provided by the MDOER, Green Communities Division. Vehicles shall be replaced when they are no longer operable and will not be recycled from one municipal department to another unless the recycled replacement vehicle meets the fuel efficiency ratings outlined in the Policy.

Annual Review

This Vehicle Replacement Plan shall be reviewed by the Town on an annual basis, as stipulated in Pelham's Fuel Efficient Vehicle Policy.
