Nothing in this License shall be construed to prohibit Licensee from offering any service over its Cable System that is not prohibited by federal or state law.

(b) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Cable Division in force and effect during the period for which this Renewal License is granted.

(c) Subject to the terms and conditions herein, the Issuing Authority hereby grants to Licensee the right to construct, upgrade, install, operate and maintain a Cable Television System within the Public Way.

SECTION 2.2 - TERM: NON-EXCLUSIVITY [SEE M.G.L.c. 166A §3(d) and 13]

The term of this non-exclusive Renewal License shall be for a period of ten (10) years and shall commence on October 15, 2015 and shall expire at midnight on October 14, 2025.

Any conflict between the terms of this Renewal License and any present or future exercise of the municipality's police and regulatory powers shall be resolved by a court of appropriate jurisdiction.

SECTION 2.6 - NON-EXCLUSIVITY OF LICENSE

(a) Licensee acknowledges and agrees that the Issuing Authority reserves the right to grant one or more additional licenses to other Cable Service providers within the Town for the right to use and occupy the Public Ways or streets within the Issuing Authority's jurisdiction. In the event that any such additional or competitive license is granted by the Issuing Authority

which, in the reasonable opinion of Licensee, contains more favorable or less burdensome terms or conditions than this Renewal License, including, but not limited to: franchise fees; payment schedules; insurance; system build-out requirements; performance bonds or similar instruments; public, education and government access channels and support; customer service standards; required reports and related record keeping; and notice and opportunity to cure breaches; the Issuing Authority agrees that it shall amend this Renewal License to include any more favorable or less burdensome terms or conditions, in accordance with the procedures set forth in subparagraphs (d) and (e) below.

Licensee shall provide the Issuing Authority with such financial or other relevant information as is reasonably requested.

(e) Should Licensee demonstrate that any such additional license(s) have been granted on terms and conditions more favorable or less burdensome than those contained in this Renewal License, the Issuing Authority shall make equitable amendments to this Renewal

License within a reasonable time, following the amendment procedures set forth in 207 CMR §3.07.

(f) In the event that Licensee demonstrates that an existing or future Cable Service provider in the Town has been provided relief by the Issuing Authority from any obligation of its license, then Licensee shall be awarded an equivalent amount of relief from obligations herein. Such relief shall be in writing and in the form of an amendment to this License. The Issuing Authority shall convene a public hearing on the issue within sixty (60) days of Licensee's notification to the Issuing Authority requiring such relief, unless otherwise mutually agreed to. License shall provide reasons for its belief in the notification. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any existing or future service providers in the Town have been provided relief by the Issuing Authority from any obligation of said provider's cable television license(s). Licensee shall provide the Issuing Authority with such financial or other relevant information as is reasonably requested to justify its belief; provided, however, that the parties' counsels mutually and reasonably deem said information is non-proprietary.

(e) The signal of any broadcast station carried on the Cable Television System shall be carried without material degradation in quality at all subscribing locations within the limits imposed by the technical specifications of the Cable System and as set forth by the FCC. The Cable System shall be operated and maintained so as to comply with the technical standards set forth in the FCC's rules and regulations as they apply to cable television systems.

(f) Upon written notice from the Issuing Authority, Licensee shall remedy a general deficiency with respect to the technical standards described herein within three (3) months of receipt of notice and a safety deficiency within forty-eight (48) hours of receipt of notice and shall notify the Issuing Authority when the deficiency has been corrected.

(b) In all areas of the Town where public utility lines are aerially placed, if subsequently during the term of the Renewal License such public utility lines are required by local ordinance or state law to be relocated aerially or underground, Licensee shall similarly relocate its Cable System if it is given reasonable notice and access to the public and municipal utilities facilities at the time that such are placed underground. Any costs incurred by Licensee for relocating utility

poles or trenching for the placement of underground conduits shall be entitled to reimbursement of such relocation costs in the event public or private funds are raised for the project and made available to other users of the Public Way.

(c) Provided Licensee has at least ninety (90) days' prior written notice concerning the opening of residential subdivision trenching, or of the installation of conduit for the location of utilities, it shall install its cable in such trenching or conduits or may seek permission to utilize alternative trenching or conduits within a comparable time frame. If a substantial quantity of cable is required for a large subdivision and said quantity is not in stock, Licensee shall be allowed additional time for said installation. The Issuing Authority, or its designee, shall exercise reasonable efforts to have the Watertown Planning Board and developers give timely written notice of trenching and underground construction to Licensee. Developer shall be responsible for the digging and back-filling of all trenches.
