General Regulatory Themes:: Licensing and Permitting

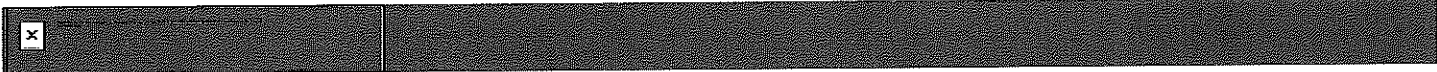

Please list the Agency or Agencies affiliated with this regulation:: Department of Elementary and Secondary Education

Describe the regulatory issue or observation:: Teachers need to complete a form known as the IPDP that requires them to spell out goals they would like to achieve and provide evidence towards reaching those goals. Teachers ALSO have to do the exact same goal-setting process TWICE each year as part of the new state-mandated teacher evaluation system. It is the same process for the same reasoning.

Suggestions for improvements to the regulation:: I would propose the elimination of the IPDP requirement for recertification. This is redundant. Teacher still have to set a professional goal and a student learning goal each year under the teacher evaluation system. That really should be enough.
