

Which COVID-19 test do I need?

Rapid Antigen Test:

- You are having COVID-19 symptoms such as fever or chills, cough, shortness of breath
(visit [Mass.gov/COVID19symptoms](https://www.mass.gov/COVID19symptoms) for full list)
- Five days after you have been exposed to someone with COVID-19

PCR Test:

- You have COVID-19 symptoms AND had a negative rapid antigen test
(Instead of a PCR, you may choose to isolate and repeat an antigen test in 24 to 48 hours.)

For more information on COVID-19 testing, go to [Mass.gov/GetTested](https://www.mass.gov/GetTested)
