Safe Routes to School

# Winter Walk & Roll to School Day

[Insert Date]

## Winter Walking Tips

-  *Wear bright or reflective clothing.*
-  *If you can't see drivers, they can't see you. Use the "sneak and peak" method around snowbanks to safely cross the road.*
-  *Dress in layers—wear a hat, scarf, and gloves to stay warm.*
-  *Watch out for slippery surfaces. Approach wet, dark areas on pavement with caution.*
-  *Walk like a penguin! Walking at a slower pace can help keep you balanced and keep you from taking a spill.*
