(e) In the event that (i) the Issuing Authority fails to issue a written reply within 30 days accepting or rejecting Licensees' response pursuant to 9.8 (a) above; (ii) the Issuing Authority fails to issue a written acknowledgement after Licensee's notice that it cured said default pursuant to 9.8(b) above; and/or (iii) the Issuing Authority fails to schedule a public hearing no later than thirty (30) days of having sent a written notice consistent with Section 9.8(c) above and/or (iv) the Issuing authority fails to issue a written determination with thirty (30) days after the public hearing pursuant to Section 9.8(d) above , then the issue of said default against Licensee by the Issuing Authority shall be considered null and void.

SECTION 9.9 – LIQUIDATED DAMAGES

(a) For violation of any of the following provisions of this Renewal License, liquidated damages shall be paid by the Licensee to the Issuing Authority, subject to the notice, opportunity to cure, and hearing requirements in Section 9.8 supra. Any such liquidated damages shall be assessed as of the date that the Licensee receives written notice, by certified mail, of the provisions which the Issuing Authority believes are in default.

- (1) For failure to maintain and operate the cable system in accordance with Sections 3.1, 3.3, 3.4, and 3.5, herein, one hundred fifty dollars (\$150.00) per day for each and every day that such violation continues.
- (2) For failure to comply with FCC Customer Service obligations and signal quality obligations, and/or Massachusetts Consumer Protection Standards in

accordance with Sections 4.1, 4.1(b), 7.1, and 7.2, herein, one hundred fifty dollars (\$150.00) per day for each and every day that such violation continues.

(3) For failure to operate and maintain the Institutional Network, in accordance with Section 3.4, herein, one hundred dollars (\$100.00) per day for each and every day that such violation continues.

(4) For failure to provide and maintain PEG Access support channels or to timely make PEG Access support payments, as required by Sections 6.1 and 6.4, herein, two hundred dollars (\$200.00) per day for each and every day that such violation continues.

(b) Such liquidated damages shall be in addition to, and not a limitation upon, any other provisions of this Renewal License and applicable law, including revocation, or any other statutory, administrative or judicial penalties and remedies available to the Issuing Authority as a matter of law.

(c) Each of the above-mentioned instances of non-compliance shall result in damage to the Town, its residents, businesses, and institutions, compensation for which will be difficult to ascertain. The Licensee agrees that the liquidated damages in the amounts set forth above are fair and reasonable compensation for such damage to the Issuing Authority and Town. The Licensee agrees further that the foregoing specified amounts are liquidated damages, not a penalty for forfeiture, and are within one or more of the exclusions of the term "franchise fee" found at Section 622(g)(2)(A)-(D) of the federal Cable Act.

SECTION 9.10 – TRANSFER OR ASSIGNMENT

This Renewal License or control hereof shall not be transferred or assigned without the prior written consent of the Issuing Authority, which consent shall not be arbitrarily or unreasonably withheld. The consent of the Issuing Authority shall be given only after a hearing upon written application therefor on forms prescribed by the Cable Division. Pursuant to 207 CMR 4.01(2), a transfer or assignment of a license or control thereof between commonly controlled entities, between affiliated companies, or between parent and subsidiary corporations, shall not constitute a transfer or assignment of a license or control thereof under M.G.L.c.166A Section 7. Under 207 CMR 4.00, an “affiliated company” is any person or entity that directly or indirectly or through one or more intermediaries, controls, is controlled by, or is under common control with another person or entity. The application for consent to an assignment or transfer shall be signed by Licensee and by the proposed assignee or transferee or by their representatives, evidence of whose authority shall be submitted with the application. Within thirty (30) days of receiving a request for consent, the Issuing Authority shall, in accordance with State and FCC rules and regulations, notify Licensee in writing of the additional information, if any, it requires to determine the legal, financial, technical and managerial qualifications of the transferee or new controlling party. If the Issuing Authority has not taken action on Licensee’s request for consent within one hundred twenty (120) days after receiving such request, consent shall be deemed given.

SECTION 9.11 – REMOVAL OF SYSTEM

Upon termination of this Renewal License or of any renewal hereof by passage of time or otherwise, Licensee shall remove its supporting structures, poles, transmission and distribution systems and other appurtenances from the streets, ways, lanes, alleys, parkways, bridges, highways, and other public and private places in, over, under, or along which they are installed and shall restore the areas to their original condition. If such removal is not completed within six (6) months of such termination, the Issuing Authority or property owner may deem any property not removed as having been abandoned.

SECTION 9.12 – INCORPORATION BY REFERENCE

(a) All presently and hereafter applicable conditions and requirements of federal, state and local laws, including but not limited to M.G.L.c. 166A, and the rules and regulations of the FCC and the Cable Division, as they may be amended from time to time, are incorporated herein by reference, to the extent not enumerated herein. All such general laws, rules, and regulations, as amended, shall control the interpretation and performance of this Renewal License to the extent that any provision of this Renewal License conflicts with or is inconsistent with such laws, rules or regulations.

(b) Should the Commonwealth of Massachusetts, the federal government or the FCC require Licensee to perform or refrain from performing any act the performance or non-performance of which is inconsistent with any provisions herein, the Issuing Authority and Licensee will thereupon, if they determine that a material provision herein is affected, modify any of the provisions herein to reflect such government action.

Nothing in this Renewal License is intended to confer third-party beneficiary status on any Person or party to enforce the terms of this Renewal License.
