Tidepool Discovery

Discover animals that make tidepools their home and discover why it's so important to care for both these fragile creatures and the special place where they live. Nets will be provided for the gentle and brief capture and release of tidepool wildlife. Co-sponsored by The Friends of Winthrop Beach.

This fun program will begin right at 9am, attendees should be present from the start to learn important safety information, as well as key facts about the species that might be seen and how to properly handle them. It is recommended that attendees wear water shoes or other footwear that can get wet due to the areas we will be traversing.

Ages: For adults & kids 5+. Children must be accompanied by an adult.
