At this public meeting DCR will present the Wompatuck State Park Circulation Master Plan and the planning process. The main goal of this public meeting is to solicit input from the community to inform the master planning process regarding options for recommendations and action items. The primary goal of the circulation master plan is to develop a comprehensive guide with the short- and long-term trail circulation recommendations that enhance connectivity to recreational opportunities while protecting environmentally and culturally sensitive areas. This meeting follows after the public listening session hosted on May 16<sup>th</sup>, 2023.

The public will be invited to ask questions and provide feedback on the presentation by unmuting their microphones, or the chat functionality that will be available through the virtual participation platform. After the meeting, the presentation will be available for viewing at <https://www.mass.gov/dcr/past-public-meetings>. DCR encourages the public to share additional feedback, with a deadline for receipt of comments by DCR of October 17<sup>th</sup>, 2023.
