

NOTE:

INTERMEDIATE KEEPER BLOCKS SHALL BE CAST BEFORE BEAMS ARE SET AND THE PIER DIAPHRAGM CONCRETE IS PLACED.

SECTION 3

SCALE: $\frac{3}{4}$ " = 1'-0"

NOTE:

Reinforcement configuration shown is conceptual. The Designer shall modify the arrangement or add additional hoops as required by the actual design. The Designer shall also verify that the reinforcement provided does not duplicate or interfere with the typical pier reinforcement.
