(*) — WELDS SHALL TERMINATE ½" FROM EDGE OF PLATE, MASKING AND TOUCH-UP PER STANDARD SPECIFICATIONS.

NOTES:
1. Typical dimensions shown are for anchor bolts no larger than 1½" Ø. For bolts of larger diameters these dimensions shall be adjusted accordingly.
2. Designer shall calculate this dimension to insure a minimum thread runout of ½”. Round up dimension to nearest ½".

SECTION 2
SCALE: 1” = 1’-0”

NOTE:
