The Parties further agree that this Consent Order will have all the force and effect of a Final Decision within the meaning of 801 CMR 1.01(11)(d). Conclusion of Law

A. The Respondent has violated G.L. c. 112, §5 ninth par. (d) and 243 CMR 1.03(5)(a)4 by practicing medicine while his ability to do so was impaired.

B. The Respondent has violated G.L. c. 112, § 5, ninth par. (c) and 243 CMR 1.03(5)(a)3 by engaging in conduct that places into question the Respondent's competence to practice medicine.

Sanction and Order

The Respondent’s license is hereby indefinitely suspended. The suspension may be stayed upon documentation of eighteen (18) months of continuous sobriety and documentation from the Respondent’s treating psychiatrist that he is fit to practice medicine. Any stay of suspension will be at the Board’s discretion and will be contingent upon the Respondent entering into a (5) five-year probation agreement under the terms and conditions that the Board deems
appropriate at the time including compliance with a Physician Health Services (‘PHS’)
Substance Use Monitoring contract that includes urine toxicology screens, participation in
individual and group therapy to address addiction issues, a Board-approved practice plan with
weekly monitoring by a Board approved monitor, and any other terms the Board deems
appropriate. The calculation of the eighteen-month term of sobriety shall commence on the date
that the Respondent entered into his PHS contract. Unless otherwise recommended by the
Respondent’s psychiatrist or PHS, the practice plan shall include a gradual return to work as
follows: the Respondent will initially work 25% of a full-time schedule, followed by 2 months of
working 50% of a full-time schedule with a return to work full time in the fifth month of
employment.

Execution of this Consent Order

The Respondent shall provide a complete copy of this Consent Order, with all exhibits
and attachments within ten (10) days by certified mail, return receipt requested, or by hand
delivery to the following designated entities: any in- or out-of-state hospital, nursing home,
clinic, other licensed facility, or municipal, state, or federal facility at which s/he practices
medicine; any in- or out-of-state health maintenance organization with whom the Respondent has
privileges or any other kind of association; any state agency, in- or out-of-state, with which the
Respondent has a provider contract; any in- or out-of-state medical employer, whether or not the
Respondent practices medicine there; the state licensing boards of all states in which the
Respondent has any kind of license to practice medicine; the Drug Enforcement Administration
Boston Diversion Group; and the Massachusetts Department of Public Health Drug Control
Program. The Respondent shall also provide this notification to any such designated entities
with which the Respondent becomes associated for the duration of this suspension and probation.
The Respondent is further directed to certify to the Board within ten (10) days that the Respondent has complied with this directive.

The Board expressly reserves the authority to independently notify, at any time, any of the entities designated above, or any other affected entity, of any action it has taken.
