(a) Pursuant to the authority of Chapter 166A of the General Laws of the Commonwealth of Massachusetts, and Cable Communications Policy Act of 1984 as amended, the Issuing Authority hereby grants a non-exclusive Renewal License to MediaOne of Massachusetts, Inc., a Massachusetts Corporation, authorizing and permitting said Licensee to construct, operate and maintain a Cable Communications System within the municipal limits of the Town of Raynham.

(b) This Renewal License is granted under and in compliance with the Federal Cable Act and Chapter 166A of the General Laws of the Commonwealth of Massachusetts, and in compliance with all rules and regulations of the FCC and the Cable Division and all other applicable rules and regulations in force and effect during the period for which this Renewal License is granted.

(c) Subject to the terms and conditions herein, the Issuing Authority hereby grants to the Licensee the right to construct, upgrade, install, operate and maintain a Cable Communications System, including such lines, cables, fiber optics, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, pedestals, attachments and other property and equipment as are necessary and appropriate to the operation of the Cable Communications System, in, under, over, along, across and upon the streets, lanes, avenues, alleys, sidewalks, bridges, highways and other public places under the jurisdiction of the Town within the municipal boundaries and subsequent additions thereto, including property over which the Town has a sufficient easement or right-of-way, for the purpose of reception, transmission, amplification, origination, distribution or redistribution of video, audio, text, data

and other impulses in accordance with the laws of the United States of America and the Commonwealth of Massachusetts and the bylaws/ordinances of the Town of Raynham.

**SECTION 2.2 - TERM: NON-EXCLUSIVITY [SEE G.L.c. 166A §§3(d) and 13]**

The term of this non-exclusive Renewal License shall be for a period of ten (10) years and shall commence on February 7, 1999, following the expiration of the current license, and shall terminate at midnight on February 6, 2009.

**SECTION 2.3 - POLE AND CONDUIT ATTACHMENT RIGHTS**

Pursuant to G.L.c. 166 §§22-25, permission is hereby granted to the Licensee to attach or otherwise affix cables, wire, or optical fibers comprising the Cable Communications System to the existing poles and conduits on and under public streets and ways, provided the Licensee secures the permission and consent of the public utility companies to affix the cables and/or wires to their pole and conduit facilities. By virtue of this License the Town grants Licensee equal standing with power and telephone utilities in the manner of placement of facilities on public ways.

**SECTION 2.4 - RENEWAL**

(a) In accordance with the provisions of federal law, Section 13 of Chapter 166A of the General Laws of the Commonwealth of Massachusetts and applicable regulations, this Renewal License shall be subject to additional renewals for the periods not to exceed ten (10) years or such other periods as allowed by law.

(b) Any such renewal or renewals shall be upon mutual written agreement by the Licensee and the Issuing Authority and shall contain such modified or

additional terms as the Licensee and the Issuing Authority may then agree. Nothing contained in this Section shall obligate the Issuing Authority to grant any such renewal or either the Licensee or the Issuing Authority to agree to any renewal terms.

## **SECTION 2.5 - POLICE AND REGULATORY POWERS**

The Licensee's rights are subject to the powers of the Town to adopt and enforce general bylaws/ordinances necessary for the safety and welfare of the public, provided that such bylaws/ordinances are of general applicability and not specific to the Cable Communications System, the Licensee, or this License.

## **SECTION 2.6 - NON-EXCLUSIVITY OF LICENSE**

(a) This Renewal License shall not affect the right of the Issuing Authority to grant to any other person a license or right to occupy or use the streets, or portions thereof, for the construction, upgrade, installation, operation or maintenance of a Cable Communications System within the Town of Raynham; or the right of the Issuing Authority to permit the use of the public ways and places of the Town for any purpose whatsoever. The Licensee hereby acknowledges the Issuing Authority's right to make such grants and permit such uses.

(b) To the extent allowed by applicable law(s), the grant of any additional cable television license(s) shall be on substantially equivalent terms and conditions as those contained in this Renewal License or on terms when taken as a whole impose substantially equivalent burdens. This subsection shall be subject to specific performance.

(c) The issuance of additional license(s) shall be subject to all applicable federal and state laws, including G.L.c. 166A and applicable regulations promulgated thereunder.

(d) In the event that the Licensee reports to the Issuing Authority that it is at a competitive disadvantage with material economic injury as a result of a competing Multichannel Video Programming Distributor operating in the Town that is not required to be licensed by the Town, the Issuing Authority and the Licensee agree that Section 625 of the Cable Act will be applicable such that commercial impracticability proceedings will be available. Among other factors, the Issuing Authority will consider the nature and extent of any such competitive disadvantage and material economic injury in assessing a Section 625, commercial impracticability modification, request from the Licensee. The Issuing Authority and the Licensee agree that for the purpose of considering a commercial impracticability modification request the parties shall stipulate as follows: 1) competition by another Multichannel Video Programming Distributor(s) in the Town resulting in material economic injury to the Licensee was unforeseeable as of the execution date of this Renewal License; 2) that such competition is beyond the control of the Licensee; and 3) that the nonoccurrence of such competition and resulting in material economic injury was a basic assumption upon which the requirements of this Renewal License was based. The Licensee shall have the right to obtain modification of requirements of this Renewal License if the Licensee demonstrates that the Issuing Authority finds that (i) it is commercially impracticable for the Licensee to comply with such requirement without modification and (ii) the proposal by the Licensee for modification of such requirement is appropriate because of commercial impracticability. Any final decision made by the Issuing Authority under this subsection shall be made in a public proceeding. Such decision shall be made within one hundred twenty (120)

days after receipt of such request by the Issuing Authority, unless otherwise extended by agreement of parties. The parties agree that the standard applied to the Licensee's request for modification is the same as provided under the "Commercial Impracticability" provisions of the Uniform Commercial Code ("U.C.C.") - recognizing, and accounting for, distinctions given the context in which it is applied under Section 625 and that regarding the sale of goods which is governed by the U.C.C. or such other established definition of the term commercial impracticability.

(e) In any public proceeding under subsection (d) above, the Town may secure financial and/or engineering expertise for the sole purpose of assisting in the determination of "commercial impracticability" and Licensee agrees to pay the Issuing Authority any reasonable amount for such expert up to Three Thousand Dollars (\$3,000).
