COMMONWEALTH OF MASSACHUSETTS

Middlesex, SS. Board of Registration in Medicine

Adjudicatory Case No. 2013–020

In the Matter of

ROGER BOSHES, M.D.

STATEMENT OF ALLEGATIONS

The Board of Registration in Medicine (Board) has determined that good cause exists to believe the following acts occurred and constitute a violation for which a licensee may be sanctioned by the Board. The Board therefore alleges that Roger Boshes (Respondent) has practiced medicine in violation of law, regulations, or good and accepted medical practice, as set forth herein. The investigative docket number associated with this order to show cause is Docket No. 11-343.

ALLEGATIONS

1. The Respondent was born on December 23, 1939. He graduated from the Yale University School of Medicine in 1976. He is certified by the American Board of Psychiatry. He has been licensed to practice medicine in Massachusetts under certificate number 76689 since 1981.

3. During those visits, the Respondent told Patient A some details about his personal life.

4. Patient A had her last appointment with the Respondent on September 12, 2011.
5. Patient A asked the Respondent if his wife was doing okay. Patient A then asked the Respondent if he was having problems in his marriage. The Respondent told Patient A that was not the reason for the visit.

6. At the end of the visit, the Respondent kissed Patient A on her cheek and hugged her. Respondent now appreciates that the physical contact was unwanted by Patient A.

7. The American Medical Association Principles of Medical Ethics, Section 4 requires physicians to respect the rights of patients. The Respondent acknowledges that this includes a patient’s right to be free from unwanted physical contact. This unwanted physical contact is in contravention of the American Psychiatric Association’s Principles of Medical Ethics Especially Applicable to Psychiatry, 2009 edition.
