MMIS POSC Job Aid: Supplemental Instructions for Submitting Inpatient Claims for MassHealth Dually Eligible Members with Medicare Part B Coverage Only

This job aid contains supplemental billing instructions for submitting 837I transactions, or direct-data entry claims (DDE), for dually eligible members (Medicare and MassHealth) who have active MassHealth coverage and active Medicare Part B coverage, but no active Medicare Part A coverage.

For specific billing information, providers should reference the relevant billing guides available at www.mass.gov/eohhs/gov/laws-regps/masshealth/provider-library/ (click MassHealth Billing Guides for Paper Claim Submitters to access a specific guide).

To ensure that MassHealth is the payer of last resort, providers must generally make diligent efforts to obtain payment from other resources before billing MassHealth. See MassHealth regulations at 130 CMR 450.309 through 450.321.

Billing Instructions for 837I Transactions

The following table contains the critical loops and segments that providers must first complete for submitting inpatient claims to MassHealth for dually eligible members who have active MassHealth coverage and active Medicare Part B coverage, but no active Medicare Part A coverage. Providers then must follow instructions described in the HIPAA 837I Implementation Guide and MassHealth 837I Companion Guide to complete other required COB and non-COB portions of the 837I claim submission. This section of the job aid supplements the instructions found in the HIPAA 837I Implementation Guide or the MassHealth 837I Companion Guide.

Note: For COB balancing, the sum of the claim-level Medicare Part B Payer Paid Amount and HIPAA adjustment reason code amounts must balance to the claim billed amount. Providers should report a claim adjustment segment (CAS) with the appropriate HIPAA Adjustment Reason Code and Amount on their Medicare Part B payer loop.

Billing Instructions for Direct Data Entry (DDE)

This section of the job aid reviews the process of submitting an electronic Institutional claim in the Provider Online Service Center (POSC) for dually eligible members who have active MassHealth coverage and active Medicare Part B coverage, but no active Medicare Part A coverage.
MMIS POSC Job Aid: Supplemental Instructions for Submitting Inpatient Claims for MassHealth Dually Eligible Members with Medicare Part B Coverage Only

These instructions supplement the instructions found in the Institutional Claim Submission with MassHealth job aid. Providers should follow the instructions described in the Institutional Claim Submission with MassHealth job aid, and then come back to this job aid when reporting COB information on the claim. You can find POSC job aids on the web here.
