The applicant was unable to obtain an official transcript. He submitted a letter from the Florida Department of Education and a copy of his diploma. He has no disciplinary actions on his licenses.

V. License Reactivation Applications
A. Gentile, Christopher RT5259 (Exp: 5/31/2012)

DISCUSSION: Mr. Gentile submitted his required paperwork, except CEU’s. He has 11 non-traditional CEU’s total for the current cycle but none for the 2012 cycle. He is also devoid of 9 traditional CEU’s. The applicant had informed staff prior to the meeting that he is unable to find his 2012 CEUs. There was a discussion regarding how difficult it can be to earn traditional CEUs without a
license. The Board confirmed that Webinars may count towards traditional CEU’s. Board members expressed their desire for Mr. Gentile to obtain 9 traditional CEU’s, before Board staff will be authorized to approve without further review by Board members. He will also need to obtain additional 15 required CEUs for next cycle renewal.

Inquiry focused on Canadian certification and if it can transfer to the United States. The Board would like staff to contact NBRC and ask if Canadian test is equivalent to the U.S. test. If it not equivalent the Board wants to know the date the Canadian test was not accepted. Also, what is the gap between the Canadian test and the U.S. one?

**ACTION:** Defer response until Board staff obtains additional information from NBRC and report back to the Board.

Document: None

#### B. Inquiry from a DME supplier that wants to sell CPAP devices to patients in MA.

MSRC asked Mr. Burns if this is giving Home Health Aids the ability to do respiratory care. Also, can they do anything to affect/stop this bill to make it safer for patients. Ms. Berg informed the Board that as individuals, Board members can do as they please. As a Board they must remain within their statutory mandate, which does not expressly provide for a role at the legislative level and therefore they cannot take a binding formal action. Bill was not identified as Respiratory Care concern, as it deals with scope of practice for nursing. If a similar bill comes about in relation to RC come to the attention of Board staff, the Board will be notified.

**ACTION:** None

**Documents:** None

**B. Discussion:** Subcommittee/Task force to review regulations related to CPAP/BIPAP machine set-up. The subcommittee is in the process of developing a questionnaire to send out to stakeholders. Board members reviewed a draft of the survey questions and cover letter.

Mr. Polanik would like a question added to the survey to ask “what would best describe you in relation to Respiratory Care?” (consumer, lobbyist, etc.) Also change the word “non-licensed” to “non-credentialed.” Strike the line asking for name, profession, and organization from cover letter and add a line to survey with the addition “please feel free to share this.”
