

# Wheels to Work Program

Empowering People.  
Strengthening Communities.

Good News Garage

A member of Ascentria Care Alliance

## Who we are

Good News Garage launched in 1996 as one of the nation's first car donation nonprofits providing affordable and reliable transportation options for people in need. More than 4,000 New England families have received a reliable vehicle from Good News Garage. We are a member of Ascentria Care Alliance based in Worcester, Massachusetts.

## What we do

Good News Garage accepts donated cars, vans, trucks and cash donations from people who want to help a neighbor in need. Donated vehicles receive a full inspection that identifies the suitability of the vehicle for a family. Program-qualified vehicles are repaired and awarded to low income families who could not otherwise afford one.

## Who we serve

**Massachusetts:** Clients participating with the Massachusetts Rehabilitation Commission (MRC) who are seeking employment. Applicants must be referred by a MRC caseworker.

**New Hampshire:** Individuals working with the NH Employment Program (NHEP) who are receiving TANF cash benefits and are in an approved work or training activity. Applicants must be referred by a NHEP caseworker.

## Donate a car...Change a life!

We accept all types of vehicles — any make, model and age. Every vehicle is important and helps fund our programs. Donating to Good News Garage offers the following benefits:

- A life changing program that repairs and provides as many donated vehicles as possible to local families.
- Free towing or pick-up from all six New England states.
- Partnerships with local garages and auto services which support the business community.
- A generous tax deduction — up to the vehicle's full fair market value — when the donated vehicle is provided to a family.
