- 1.) All facilities are used at one's own risk. Edwards Boatyard, Inc. is not responsible for lost, stolen or damaged property of it's patrons.
- 2.) Docks and floats are for the exclusive use of boat owners and their guests. During open hours the Public is allowed to walk along the bulkhead. This has always been our policy and is also the access law.
- 3.) Speed Limit (unless you are in Vineyard or Nantucket Sound in or adjacent to the water ski area) 6 mph or no wake, whichever is less.
- 4.) Slip space is rented to your particular boat. Any changes or transient rentals may be performed only by Marina personnel. Seasonal rentals are from May 1 to October 31. Renewal for subsequent seasons is not guaranteed to any boat owner.
- 5.) No permanent or seasonal full time "live-ons" are allowed.
- 6.) Slip space is assigned by Edwards Boatyard according to the best use of the facilities at hand and following, when possible, the wishes of the customer. It may be necessary from time to time to institute a temporary or permanent slip reassignment.
- 7.) When leaving your slip or mooring for extended periods advise the dockmaster or service manager so that arrangements can be made for the use of your slip.
- 8.) Edwards Boatyard, Waquoit Bay, and its tributaries which includes Childs River have been designated a **FEDERAL NO DISCHARGE ZONE** and as such no overboarding of septic waste or discharge is allowed, treated or untreated (Including discharge from an oily or contaminated bilge).
- 9.) All boats berthed in slips or moorings should be equipped with Coast Guard approved Type III Marine Sanitation devices (compatible with the Marine pump out system). All such boats must be pumped out regularly and can be done by Edwards Boatyard during regular week days or weekend hours. (NO DISCHARGE of Type I - II or III marine sanitation devices or direct discharge is allowed while in the No discharge area.)

- 10.) Biodegradable-non Phosphate soaps should be used when cleaning your boat.
- 11.) While filling gasoline powered boats only one person is allowed on board to fill fuel tanks in case of fire or explosion. It is the responsibility of the boat owner to see that NO gasoline or diesel is allowed to go into the water while the boat is being fueled. This means fuel spilled from the tank vent or from the fill pipe if it "spits back". It is the responsibility of the boat owner to make sure this does not happen.
- 12.) Dogs are to be kept leashed at all times to prevent a nuisance to other boaters.
- 13.) Small children must be under strict supervision of the adult boat owner at all times and shall not be allowed to roam about the marina. For safety reasons, swimming, diving, and rowing of small boats by unqualified or unattended children is prohibited in the marina basin.
- 14.) Noise levels are expected to be kept at a minimum, particularly when using the marine facilities at other than normal hours.
- 15.) Slip space is committed for the season. No pro-rate rebate for mid-season discontinued use or late launch is available.
- 16.) Hazardous waste of any nature must be brought to the attention of the marina staff who will arrange for its disposal in accordance with applicable regulations.
- 17.) Edwards Boatyard reserves the right to cancel slip space and mooring space without refund for non-compliance with the above rules and regulations.
- 18.) No cleaning of fish on Boatyard Property. All cleaning of fish should be done at sea or at home.
Regulation of EB, State of MA & Town of Falmouth law.

Appendix B:

Examples of Signs for the Marina

The following list provides example language for signs that could be put around the marina to help inform your customers about protecting the marine environment. This information is provided to give you ideas about what signs might be appropriate at your marina depending on your services, your clients, and your goals. Selecting the appropriate number and types of signs for your facility will help your customers help your business remain a Clean Marina.

General Signs

MARINA SANCTUARY — No Dumping!
Recycle and Dispose of Waste Properly. Thank You!
Do Your Part to Keep Our Waters Clean!
Enjoyable Boating = Clean Water!
A Clean Boating Environment Is Worth the Effort!
YOU Can Do a Lot to Prevent WATER POLLUTION
Prevent Pollution — Please Follow Required Practices
Boating Is Good Clean Fun! Let's Keep It That Way
This Marina Protects Water Quality and Marine Life

Hull Maintenance

Designated Boat Work Area
Dustless Sanders Available for Rent
Sanding and Painting in Designated Areas ONLY
Dustless sanders are the ONLY way to go! Available for rent in the ship's store.
Boat Cleaning
Hull Cleaning Not Permitted at Marina Slips
Please Use Environmentally-Friendly Soaps

Engine Maintenance

Designated Boat Work Area

What must go out, MUST come back. Please be responsible about your garbage!

Hazardous Waste Management

Recycling Center available for your use!
Recycling Area — This marina recycles the following materials: (list materials)

Fish Waste

Fish Cleaning Station

Stormwater Management

Don't Dump

Appendix C:

Vendors of Marine Systems and Products

The following is a partial list of vendors and products that provide pollution prevention services to the marina industry. Several buying guides have also been included that may contain a larger selection of products. Because the list is not complete, we suggest that you use it as an information guide to the types of products available and conduct additional research into product options. The list will be updated.

A more comprehensive list of pollution prevention technologies is available at VendInfo, the U.S. Environmental Protection Agency's — National Database of Pollution Prevention Products and Services. See VendoInfo at <http://es.epa.gov/vendors/>.

Please call (617) 626-1220 if you know specific marina vendors and products that should be added to the list below.

Appendix D:

Massachusetts Pumpout List

Massachusetts Pumpouts (as of March 30, 2001)

The following is a list of locations along the Massachusetts coast where boaters can pump-out their holding tanks. Locations are listed alphabetically by town within six regions of the Massachusetts coast: North Shore, Boston Harbor, South Shore, Southeast, Cape Cod, and the Islands. Always call ahead to schedule a pump-out. CZM also has printed copies of the pumpout list for distribution to boaters. For printed copies, call CZM at (617) 626-1200. The list is also available on the CZM website at www.state.ma.us/czm/potoc.htm.

North Shore (Salisbury to Revere)

Telephone: (508) 295-0022
Type: dockside

19. Tripp's Marina
City/Town: Westport
VHF Channel: 9
Telephone: (508) 636-4058
Type: dockside

20. Westport Point (Town Dock)
City/Town: Westport
VHF Channel: 9
Telephone: (508) 636-1105
Type: pump-out boat

Appendix E: Components of a Stormwater Pollution Prevention Plan

To receive a National Pollutant Discharge Elimination System (NPDES) Multi-Sector General Permit (MSGP), the marina owner must submit a one-page application form known as a Notice of Intent (NOI), and develop a Stormwater Pollution Prevention Plan (SWPPP). The SWPPP discusses how the marina plans to reduce discharges associated with the regulated activity and lists best management practices to be implemented. One component of the SWPPP that also must be completed is a Spill Control and Countermeasures (SPCC) Plan (see Section 4.5 for more on SPCC Plans). By completing a Marina Environmental Management Plan, you will have developed a framework for SWPPP. (See Chapter 7 on how to develop a Marina Environmental Management Plan.)

Specific components of the SWPPP include:

- A description of the potential pollution sources
- A schematic plan of your facility that locates activities, pollution sources, storage areas, and site drainage (both surface and subsurface)
- An inventory of materials at your facility that is exposed to rain water
- A list of spills that have occurred at your facility
- Any sampling data that might be available on your discharges or waters around your marina
- Description of existing stormwater best management practices used for the following activities: pressure washing, blasting and painting, materials storage, engine maintenance, material handling, yard maintenance and cleanup
- Description of proposed best management practices and basic schedule for implementation
- Operations and maintenance program to ensure BMPs and other systems are operating properly and are well maintained
- Spill prevention and response procedures
- Inspections to ensure implementation of the SWPPP
- Quarterly water sampling
- Employee training
- Record keeping
- Inventory and discussion of non-stormwater discharges including pressure wash water, bilge water, and sanitary waste discharges. These discharges are prohibited under the General Permit
- Sediment and erosion control
- Statement of Consistency with other plans
- The Marina's Stormwater Management Team
