REVERE BEACH RESERVATION -  
NO RESERVATIONS NEEDED!

**Revere Beach Reservation** - Revere Beach, the oldest public beach in America, celebrated its 100th anniversary in 1996. In 1895, the Massachusetts Legislature ordered the acquisition of nearly three miles of coastline and entrusted it to the Metropolitan Park Commission the following year. This sandy beach forms a crescent along Massachusetts Bay. Revere Beach has a colorful history. At one time the Boulevard boasted rides, dance halls, movie theaters, carousels, roller coasters, and all kinds of special

attractions. Current amenities include a bandstand for summer concerts, a bathhouse, and many shaded shelters. Located five miles north of Boston, Revere Beach Reservation, which is currently run by the Massachusetts Department of Conservation and Recreation, Division of Urban Parks and Recreation (formerly the Metropolitan District Commission), is easily reached by car and by public transportation. It is located across the street from both Revere Beach and Wonderland Stations at the end of the MBTA Blue Line. In addition, there is ample parking along the Revere Beach Boulevard.

**PLEASE NOTE:** Despite extensive quality control efforts, individual ownership of all parcels has not been independently verified. CZM makes no representations or warranties with respect to the definitiveness of the private or public ownership data presented in the Coast Guide. All issues related to questions of ownership of coastal property should be investigated at the local Registry of Deeds. In addition, while information about parking and available facilities for each site was checked in 2000, changes may have occurred since that time. Please look for parking signs and check with site owners for updated information as necessary.
