RE: Phase 2 Massachusetts Groundfish Disaster Economic Assistance Application

Dear Fishing Industry Participant:

You are receiving this mailing because you (or a third party) identified yourself as a crew member or lumper/longshoreman in the groundfish fishery and provided contact information to the Division of Marine Fisheries (DMF) for purposes of following-up on the 2012 Groundfish Disaster Economic Assistance Program.

On May 28, 2014, NOAA announced a consensus framework to distribute $32.8-million in federal disaster aid to the New England groundfish industry. Funds have been apportioned between: (1) direct assistance to federal commercial groundfish fishermen; (2) individual state programs; and (3) buyout (or buyback) development. The Commonwealth of Massachusetts, having nearly completed distribution of $6.3-million to pre-qualified federal commercial groundfishermen (Phase 1), is now implementing a Phase 2 program whereby the state will distribute $8.3 million for additional assistance to the Commonwealth’s groundfish industry and communities.

On February 5, 2015 NOAA approved the Commonwealth of Massachusetts’ Phase 2 grant application. Subsequently DMF notified permit holders of their eligibility for disaster aid payments in a February 6, 2015 mailing. Crew members who fished aboard and lumpers/longshoremen who were paid by eligible commercial and for-hire vessels during the qualification period are also eligible for assistance, but will need to apply to DMF. For your reference, a list of vessels qualified to receive groundfish disaster aid payment by the Commonwealth of Massachusetts is enclosed.

Groundfish crew members, including owner operators, and lumpers/longshoremen may be eligible for a prorated payment based on the number of years within the qualification period (2009-2013 commercial; 2010-2013 for-hire) they can verify:

(1) they were a crew member aboard or lumper/longshoreman paid by a commercial or for-hire groundfish vessel that was qualified to receive aid from DMF under Phase 1 or Phase 2 of the 2012 Groundfish Disaster Economic Assistance Program;
(2) 50% of their total annual income is from commercial or for-hire fishing activity (income can be from more than one vessel); and
(3) they earned a minimum of $5,000 in annual income from commercial or for-hire fishing activity (income can be from more than one vessel)

To complete an application for crew-based groundfish disaster assistance please fill in the fields on the enclosed application form as thoroughly as possible. In addition to this application, crew members are required to verify they meet the income criteria by providing appropriate Department of Revenue, Internal Revenue Service form(s) as noted in the application. Applications are also available online by going to
www.mass.gov/marinefisheries and clicking on the link for the “Groundfish Disaster Economic Assistance Program”.

All crew member applications must be received or postmarked by April 24, 2015 to be considered for aid. Applications will only be accepted at the Division of Marine Fisheries Boston Office (c/o Samantha Andrews, 251 Causeway St., Suite 400, Boston, MA 02114). Following a review by DMF of all received applications, crew members will be notified of their approval or denial for direct aid.

Should you have any questions about this application please contact Samantha Andrews, DMF Program Coordinator, by phone at (617) 626-1564 or by email at Samantha.n.andrews@state.ma.us.

Sincerely,

Melanie Griffin
