Most veterans know that they can receive GI Bill benefits while attending the academy – but did you know that you can also receive reduced benefits for up to 4 years if you continue working as an apprentice?

If you are interested in applying for these benefits, please contact your apprentice representative today.

**Important Note:**
The Massachusetts Division of Apprentice Standards does not approve GI Bill benefits. We are a resource to help the apprentice veteran with the application process for GI Bill benefits from the VA, thereby speeding up the process. Only the VA can approve the payment of benefits.
Information for Veterans

Apprentice Training

Apprentice Training is a combination of on-the-job training and related instruction (schooling) which has been approved by the Commonwealth of Massachusetts’ Division of Apprentice Standards. DAS helps both the employer and the apprentice set up approved standards of apprenticeship accepted by the Veterans Administration. DAS does not provide job placements — you must first have a job with an employer willing to sponsor an apprenticeship program.

Who is eligible for this benefit?

All veterans who have established eligibility under Chapter 30, Chapter 32, Chapter 33, Section 903 or Chapter 1606, Chapter 1607 and any spouse or child who is eligible under Chapter 35 benefits. The benefit is not available for a person on active duty.

How do you first apply for the benefit?

What benefits do Veterans receive under Apprentice Training?

Veterans receive benefits beyond a college education. If enrolled in a registered apprenticeship program, eligible veterans or their dependents may receive a monthly allowance for learning on the job and completing 150 hours of schooling per year. The apprentice normally receives reduced wages until the completion of the training.
