the gift of
LIFE

WINTER
Holiday Fire Safety
Unplug all lighting before retiring for the evening or leaving the house.

Purchase lights and electric decorations which are listed by an approved testing agency such as Underwriters Laboratory (UL).

Check all lighting for frayed wires, broken plugs, sockets, etc.

Never overload outlets. Use no more than three strands of lights on a single extension cord.

Never use candles on trees, near live or other flammable decorations.

Blow out candles before leaving the room. Don’t leave candles burning unattended.

Consider buying new energy efficient LED lights that don’t get as hot.

Always use appropriate weatherproof lights outdoors.
