With respect to Course A(3), Sonic Drilling Overview and Field Demonstration, Mr. Smith commented that the application form was not very well written. Ms. Listernick said that the application had everything that it needed. Mr. Rein wanted to remind EPOC to maintain attendance records.

With respect to Course A(4), 32nd Annual International Conference on Soils, Sediments, Water, & Energy, Ms. Listernick indicated that the Committee usually did not approve individual sessions. Mr. Smith stated that the workshops looked fine. Ms. Williamson added that the DEP workshop was assigned a different number.

With respect to Course A(5), Monitored Natural Attenuation: Appropriate Tool or Easy Way Out? Mr. Siddique asked whether the course was new. Ms. Williamson responded that it was new. Ms. Campbell informed the Committee that it was a good course. Due to the fact that the building science portion of the course was not approved it was being offered with a reduced number of credit hours, differing from its original form. The course was designated with an "A", No. 1543A.

5. Future Meetings: September 21, 2016--MassDEP Boston.
