VII. Inquiries
   A. Whether inserting a PICC line is within the Scope of Practice of a licensed RT?

DISCUSSION: The Board reviewed this scope of practice inquiry that was sent to the board by email. There was a discussion by the board regarding if a respiratory therapist should be inserting a PICC line. Mr. Nuccio opined that with the proper training, it is within an RT’s scope of practice to insert a PICC line. He made a motion that the Board issue a statement to that effect, however, there was no second. Mr. Polanik questioned whether it is appropriate for the Board to make such a statement without first obtaining additional information, and suggested that the Board defer the matter until more information is received. After discussion, the Board determined that they need more information and tabled the decision until more information is obtained.

ACTION: None

Documents: Email Inquiry

B. Can a Licensee practice on an expired or revoked CRT credential?

DISCUSSION: Ms. Strachan gave a brief overview of how this inquiry came about and distributed a memo to the Board. The memo provides a summary of the language of the relevant statutes and regulations and relevant case law as well as the way the boards of similarly situated professions (i.e., nursing and medicine) approach the matter. Representatives from Mass General Hospital, Boston Children’s Hospital, Boston Medical Center, Regional Home Care and MSRC participated in the discussion and expressed their opinion and expertise on the subject. The group’s consensus was that maintenance of certification should be a requirement for license renewal. In contrast, board counsels pointed out that the Board’s licensing and renewal statute, M.G.L.c. 112 §23S (2), only authorizes the Board to require documentation of continuing education and collect a renewal fee. Members of the public were concerned about the situation, but Ms. Berg informed them that the Board does not have the authority to change anything that is stated in the Statutes.

ACTION: Mr. Polanik made a motion to respond to the inquiry that based on the Respiratory
Care statutes, you do not need to maintain credential; Mr. Bort seconded the motion. Motion passed with Board members present and voting in favor unanimously. Mr. Nuccio abstained from voting.

**ACTION 2:** Mr. Bort made a motion to make a recommendation to initiate a change and/or update the statute regarding licensing via initial or renewal to the Department of Public Health; Ms. Patten seconded the motion. Motion passed with Board members present and voting in favor unanimously.
