Anthony V. Langone, Clerk
Langone Pipeline Utility
417 Shoemaker Lane
Agawam, MA 01001

Re: Job Classification Request

Dear Mr. Langone:

I am writing in response to your request for this Office's written opinion regarding the applicability of the Massachusetts Prevailing Wage Law, G.L. c. 149, §§26-27. Specifically, you have asked for a determination of the appropriate job classification for two tasks performed on a public works project.

As I understand it, your company is performing natural gas main installation works for the municipalities of Westfield, Holyoke, and Southamptton. The tasks in question are the operation of a walk-behind pneumatic or gasoline-powered saw to cut bituminous or concrete pavements. The appropriate job classification for the former task is *Pneumatic Drill/Tool Operator (Heavy & Highway)*, and the classification for the latter is *Jackhammer/Paving Breaker Operator*.

I hope this information has been helpful. If you have any further questions, please feel free to contact me at (617) 727-3452, ext. 108.

Sincerely,

Lisa C. Price
Deputy General Counsel
