Erving State Forest

Welcome to DCR's Erving State Forest

Named for the abundance of flowering mountain laurel, Erving is home to Laurel Lake, primarily used for camping, hiking, mountain biking and is a very popular spot for fresh water swimming.

Erving is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs. DCR oversees 450,000 acres of parks, forests, beaches, bike trails, watersheds, and dams. Its mission is to protect, promote, and enhance the state's natural, cultural, and recreational resources. To learn about DCR and to discover more parks and recreational opportunities
