Welcome to DCR’s Great Brook Farm State Park

Still a working dairy farm, Great Brook Farm offers over 900 acres of park land primarily used for hiking, horseback riding and public programs.

It is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs.

DCR oversees 356,000 acres of parks, forests, beaches, sidewalk trails, beaches, and dams. Its mission is to protect, promote, and enhance the state’s natural, cultural, and recreational resources. To learn about DCR and to discover more parks and recreational opportunities within the Massachusetts state parks, visit www.mass.gov/dcr.
