Influenza Vaccination of Healthcare Personnel in Massachusetts Adult Day Health Centers, Clinics, Nursing Homes, and Rest Homes

Directions for Data Reporting 2016-2017

Topic: Reporting Seasonal Influenza Vaccination for Healthcare Personnel (HCP)

Description: This guidance provides detailed instructions for completing the DPH 2016-2017 seasonal influenza reporting requirements for HCP using the DPH reporting system.

Please note all licensed acute care hospitals, ambulatory surgical centers, dialysis centers and long term acute care hospitals are required to report influenza healthcare personnel vaccination (HCP) data to the Centers for Disease Control and Prevention's National Healthcare Safety Network (NHSN) and provide access to the data to DPH.

General Directions for Data Collection

Report for Seasonal Influenza Vaccination: This reporting process is applicable to seasonal influenza vaccination for 2016-2017.

Please review all data for accuracy and completeness, as edits will not be possible following submission to DPH.

All influenza vaccination data must be received by DPH no later than 5:00 pm, April 15, 2017.

Each healthcare facility will receive an email notification confirming receipt of data.

Healthcare facilities must retain copies of all data submitted in a secure file for a minimum of three years. These data are subject to validation by DPH through April 15, 2020.

Please report each licensed healthcare facility location separately.

Instructions:

Step 1: Start by clicking on the link to the DPH Bureau of Health Care Quality and Safety website [www.mass.gov/dph/dhcq](http://www.mass.gov/dph/dhcq) Click on the “Division Topics” tab and then the “Healthcare Personnel Influenza Vaccination Reporting 2016-2017” link.

Right click on the “Flu Data Submission Form” link, and save this spreadsheet file to your computer’s hard drive. Please do not alter the structure of the spreadsheet in any way.

Step 2: Begin entering data in Row 3 of the spreadsheet. Under the “General Information” heading of the spreadsheet, enter your healthcare facility’s name in Column A and select healthcare facility type from the drop-down menu in Column B. If you are responsible for
entering data for multiple separately licensed healthcare facilities please use the additional rows beginning with row 4. (Figure 1)

**Step 3:** Under the “General Information” heading of the spreadsheet, enter complete name in Column C, phone number in Column D, email address in Column E and position/title of the person at your healthcare facility whom DPH should contact if there are questions about influenza data submission in Column F. (Figure 2)

**Figure 2**

![Figure 2](image)
**Step 4:** Under the “General Information” heading of the spreadsheet, enter the date the form is completed in Column G and **DPH issued healthcare facility identification number*** in Column H. (Figure 3).

*SUBMISSIONS THAT DO NOT INCLUDE THE DPH FACILITY IDENTIFICATION NUMBER WILL NOT BE PROCESSED*

An alphabetical list of all Massachusetts licensed healthcare facilities including the facility identification number is available at the following link: [List of Health Care Facilities licensed or certified by the Division](#)

Step 5: Under the “Required Data” heading of the spreadsheet, (beginning in Column I), enter the number of healthcare facility employees who received the seasonal influenza vaccination FROM the healthcare facility from 8/1/16 through 3/31/17 in Column I. Do not include doses administered after 3/31/17. (Figure 4)

For the purposes of the vaccination program, employee is defined as:

- Individuals, both full-time and part-time, who are on the healthcare facility payroll as of December 31, 2016.
- This includes, but is not limited to: physicians; nurses; interns/residents; fellows; physician assistants; physical, occupational, respiratory and speech therapists; laboratory and operating room technicians; central supply staff; pharmacists; maintenance/environmental services staff; dietary; attendants/orderlies, secretarial and administrative staff; contract staff, whether or not such individual(s) provide direct patient care.
- Employees, such as contractors performing administrative functions, who do not work at or come to the licensed healthcare facility are not required to be vaccinated.

Step 7: Under the “Required Data” heading of the spreadsheet, enter **number of healthcare facility employees** who received seasonal influenza vaccination OUTSIDE the healthcare facility (for example from private physician’s office, community health center, clinic, etc.) in Column K. (Figure 6) Do not include doses administered after 3/31/17.

Individuals must report in writing (paper or electronic) or provide documentation that influenza vaccination was received elsewhere. Each healthcare facility must maintain written documentation of influenza vaccination received elsewhere.

**Step 8:** Under the “Required Data” heading of the spreadsheet, enter total number of healthcare facility employees who DECLINED seasonal influenza vaccination from 8/1/16 through 3/31/17 in Column L (Figure 7). Do not include information obtained after 3/31/17.

Healthcare facility employees may decline vaccination if the vaccine is medically contraindicated or the individual declines for any reason. Licensed healthcare facilities must ensure that an individual who declines vaccination signs a statement declining vaccination and certifying that she/he received information on the risks and benefits of influenza vaccination. Signed declinations must be maintained by the healthcare facility.

Do not include individuals whose influenza vaccination status is unknown in this category.
