

David Deitz, MD, PhD
David Deitz & Associates, LLC

Dr. David Deitz is one of the Health Care Services Board's physician representatives. Dr. Deitz has 25 years' experience in managed medical care, healthcare outcomes evaluation and reporting, and utilization management systems in both workers compensation and group health. He was engaged for many years as National Medical Director – Commercial Insurance Claims for Liberty Mutual Insurance, where he was responsible for medical review operations, medical networks and medical policy for workers compensation, and helped to make Liberty Mutual a leader in promoting best medical practices and high quality care for injured workers. Prior to joining Liberty Mutual, he worked in the private sector overseeing content development of managed care software and reporting systems that were successfully deployed at insurers nationwide.
