REPORT OF THE EXECUTIVE DIRECTOR

1. MARIS / Robert C. Minue Project Update - Monthly Project Status Report

Mr. Favorito indicated that the July pension payroll and weekly disbursement payrolls since the last meeting had been successfully processed. The pension payroll included the retiree COLA recently approved by the Legislature. Staff was preparing for any member inquiries following the issuance of benefit payments on 7/31.
Mr. Favorito added that the month’s transactions more in line with pre-go-live numbers, including more than 220 new benefit payees. Work continues on open MARIS tickets and PIR’s raised by staff. He added that the next major piece of functionality that will require substantial effort will be Form 1099-R’s later in the year.

Ms. Healey and Mr. Kumar updated the Board on the progress of ongoing work by Gartner in the area of support plan recommendations and Member Self Service analysis. Final reports in these areas are due in August.

Mr. Favorito updated the Board on the progress to identify and engage a Project Manager to follow Mr. Fredette whose contract with the MSRB concludes at the end of August 2017.

2. YTD Fiscal 2017 Operating & Capital Budgets
Mr. Favorito referred the Board to the YTD Fiscal 2017 Operating and Capital Budgets (through June 30, 2017) which had been handed out as part of the Agenda materials.

3. Retiree COLA
Mr. Favorito informed the Board that the annual retiree COLA recently approved by the Legislature would be included in the July benefit payment. The COLA is 3% of the first $13,000.00 of a retiree’s benefit.

4. Repeal of G.L. c.32, §90G¾
Mr. Favorito noted for the Board that the final FY’18 state budget included the repeal of the §90G¾ which required members approaching age 70 to elect to continue contributing to public retirement systems if they wished to continue accruing creditable service. The repeal was effective July 1, 2017. Any selections made by members prior to the repeal remain in place and may not be changed. Board staff are notifying by letter approximately 75 members who had already received the automatic communication issued by the Board on §90G¾ as they approach age 70 to inform them of the repeal.

5. State Police Contribution Rate
Mr. Favorito informed the Board of ongoing discussions over the past several months with PERAC and the Department of State Police regarding the contribution rate for uniformed members of the Department.

PERAC earlier this year as part of preparing the 2017 actuarial analysis indicated that it believed all uniformed employees of the Massachusetts State Police who are members of the MSERS should be making retirement contributions at the rate of 12% of regular compensation based on the language of G.L. c.32, §22. Based on research of available information Mr. Favorito indicated that the practice followed by the Board since at least 1996 and currently in use seems to have relied on PERAC guidance at the time has permitted new uniformed employees of the State Police who had previously established membership in a public retirement system to maintain their existing rate of contribution rather than convert to 12%. New Department employees without prior membership contribute at 12%.
Mr. Favorito indicated that the proposal he was reviewing with PERAC and the MSP would be commencing with the Department’s 83rd Recruit Training Troop which is scheduled to start its training on August 14, 2017, that all new uniformed employees of the Department would be required to contribute at the rate of 12%, regardless of any prior membership they may have established in another Massachusetts public employee retirement system. Existing employees would maintain their current rate, based in part on the fact that they would have been unaware of any issue having been ever raised. New employees would be afforded their rights under c.32 if they disagreed with the approach. The Board was supportive of the proposal and requested an update at a subsequent Board meeting.

6. **Member Annual Statement Mailing**
   Mr. Favorito informed the Board that the mailings of the MAS were completed by June 30th and member responses have been as were expected.

7. **MassDOT Toll Collector Retirement Incentive Actuarial Analysis**
   Mr. Favorito notified the Board that actuarial analysis completed by PERAC was formally completed and copies were distributed.

8. **Trial Court Incentive**
   Mr. Favorito informed the Board that the Trial Court had notified its employees of a cash incentive for employees who chose to separate from service by September 2, 2017.

9. **PROSPER / Board Member Training**
   Training for Board members was being scheduled for after the August 31, 2017 meeting at Winter Street.

10. **PRIM Update**
    Board members reviewed the most recently monthly investment performance information provided by PRIM.

11. **Legal Update**
    Board members reviewed some of the most recent DALA/CRAB and court decisions involving the MSRB as summarized by the legal staff.

12. **Board / Staff Communications**
    Mr. Favorito reviewed with the Board some of the more recent member communications received by staff.

**THE BOARD GOES INTO EXECUTIVE SESSION.** At approximately 10:50 A.M. the Board entered into Executive Session to review applications for disability retirement, associated benefits, and to also consider the reputation, character, physical condition or mental health of individuals with business before the Board. The Board indicated that it would return to Open Session at the conclusion of the Executive Session.
Ms. McGoldrick made a motion to enter Executive Session. Mr. Valeri seconded the motion.
