

How to Navigate the DMH Learning & Development Webpage

DMH Learning Calendar: Search this calendar to find out about DMH-sponsored learning opportunities across the state. Registration information is included as well and most events are open to DMH as well as Provider staff.

Learner-Centered Education: Check out this article about an adult education approach that should enhance your learning experiences!

Stephanie Moulton Symposium Save the dates: 12/1/17 and 3/21/18
Registration will open next week.

Required Training: All mandatory training requirements are listed here (Upon hire and annually).

How to Use the DMH Learning Calendar: Here you can search for events, learn to bookmark the calendar link, create a shortcut or add it to your desktop.

PACE Learning Management System: Go here to find the link to PACE, instructions for logging in, find a course, or view your training transcript.

Learning Resources: Includes links to resources such as DMH's Children's Behavior Resources Knowledge Center, free webinars, fact sheets and links to other organizations' resources. This will be updated regularly.

Other Learning Opportunities: Find learning opportunities sponsored by other agencies, providers and professional organizations. Some are free and some may have a cost associated. This will be updated often.

Department of Mental Health Learning and Development serves the learning needs of the DMH and provider workforce by presenting and facilitating learning opportunities that strengthen principles of recovery and resiliency through partnership. Use the DMH Learning Calendar to explore training opportunities where you live and work.
