Administrative Bulletin 14-09
114.3 CMR 22.00: Durable Medical Equipment,
Oxygen and Respiratory Therapy Equipment

Effective April 1, 2014

Reclassification of Certain Durable Medical Equipment from the Inexpensive and Routinely Purchased Category to the Capped Rental Payment Category for Medicare Beneficiaries

Under the authority of Regulation 114.3 CMR 22.01(5), the Executive Office of Health and Human Services is issuing this Administrative Bulletin to implement changes based on instructions provided by the Centers for Medicare and Medicare Services through Change Request 8566. These changes involve the reclassification of certain durable medical equipment from the inexpensive and routinely purchased payment category to the capped rental payment category for Medicare beneficiaries. EOHHS is implementing these changes by crosswalking them to existing codes for certain services provided on or after April 1, 2014. For codes that are crosswalked to new codes, rates remain unchanged as described in 114.3 CMR 22.01(5)(a). Codes without associated fees are set based on the Individual Consideration methodology under 114.3 CMR 22.02 until appropriate rates are developed.

The following equipment codes and modifiers have been replaced by and crosswalked to new codes and modifiers to implement the reclassification to the capped rental payment category for these items. These changes affect equipment rental billing for Medicare beneficiaries. Existing codes and modifiers remain in effect for new and used equipment purchases for this population.
