The Commonwealth of Massachusetts’
Environmentally Preferable Products Procurement Program

Manage Your Organization’s Waste Stream in a
More Sustainable Manner...

Recycling Possibilities on Statewide Contract

- the ability to recycle a vast array of items; and
- tools and products to develop a recycling program in your facility, including on-site visits by awarded contract vendors who will assess your organization’s needs, make cost-effective recommendations, and provide employee training.

Recycling 101:
Important Statewide Contracts to Know

FAC82 - Hazardous/Universal, Medical, and Electronic Waste Disposal, offering comprehensive recycling solutions for hazardous waste.

FAC85 - Environmentally Preferable Cleaning Products, Programs, Equipment, and Supplies, including recycling containers under Category 6 and recycled content/compostable liners under Category 9.

FAC86 - Solid Waste and Recycling Services, providing full waste and cost-effective recycling services for non-hazardous materials.

FAC87 - Recycling Containers, Compost Bins, and Rain Barrels, providing a wide range of waste and recycling containers, including Big Belly compactors.

Environmental Impact

In FY2015, Commonwealth buyers diverted 12,672 tons of solid waste to recycling using resources on Statewide Contract FAC86 and its predecessor Contract, FAC33. This reduction is equivalent to removing annual emissions from 3,315 passenger vehicles.¹

Did you know?

Cost Effective and Better for the Environment!

In FY2015, Commonwealth buyers saved an estimated $670,000 from using remanufactured toner cartridges (reman) as the average cost for remans was $117.61 less per cartridge than Original Equipment Manufacturer (OEM) cartridges.

At the same time, reman purchases reduced the Commonwealth’s footprint, diverting tons of plastic and other materials from the waste stream.
